

MINERS CHIEF SUGGESTS TALK WITH OPERATORS ON THE COAL SITUATION

STATEMENT BY LEWIS SHOWS DISAPPROVAL OF ILLINOIS STRIKE

INDIANAPOLIS, Ind., July 27.—Officials of the United Mine Workers of America tonight were awaiting a reply from the Coal Operators' association to a telegram sent today requesting an immediate joint conference of miners and operators of the central competitive fields. The telegram sent by John L. Lewis, president of the miners' organization to Thomas T. Brewster of St. Louis, chairman of the operators' executive committee, urged a conference to apply practical measures designed to restore normal conditions and end the strikes in Indiana and Illinois fields. Mr. Lewis said it was his profound conviction that any remedies which must be applied should be done by orderly process thru the instrumentality of existing machinery within the industry.

Persons in close touch with the situation declared it their belief that Mr. Lewis' use of the words "orderly process" indicated his disapproval of the course taken by those who have gone on strike or encouraged a strike.

Mr. Lewis' statement follows: "Action was taken by this office today requesting the operators of the central competitive field to meet in joint conference at an early date with the mine workers' representatives to discuss the emergency in the coal industry and apply practical measures for relief. Previously laid plans for such action were seriously disturbed by events in Illinois during the last ten days. The foolish attempts of the Illinois operators and Frank Farrington to make a local settlement of the questions at issue in the coal industry have quite naturally come to a disastrous failure. The embarrassing position in which Farrington now finds himself could have been avoided had he been informed as to the constitutional rights and policies of his organization by consulting with his superior officers.

"The surreptitious and nocturnal actions of Farrington are meeting with an almost universal condemnation of the members of the United Mine Workers and the public at large.

"His feeble attempt to disregard the material welfare of the mine workers of the country in general of course cannot be sustained. I am advised that protests against his action are being filed by the local unions in Illinois. This office is hopeful that the coal operators of the central competitive field will acquiesce in the suggestion for a conference at an early date to arrive at a satisfactory solution which will take into consideration the mine workers of the entire country."

Suggests Conference
Mr. Lewis' telegram to Mr. Brewster follows:

"The present disturbed situation in the coal industry is a matter of grave importance and of and of tremendous public concern. The commercial and social equilibrium of our country will be disturbed unless prompt adjustments are made by these elements charged with such responsibilities. It is my profound conviction that any remedies which must be applied should be done so by orderly process and thru the instrumentality of the existing machinery within the coal industry. I am accordingly herewith making an official request that you join me in a call for the immediate assembly of a joint conference of operators and miners of the central competitive field for the purpose of giving consideration to the situation now existing in the coal industry and the national emergency which has thus been created and for the further purpose of applying practical measures designed to restore normal conditions. Please advise me at the earliest possible hour of your action."

May Meet in Washington
It was believed the conference, if agreed to, would be held in Washington.

It is the general belief that the conference would consist of the joint scale committee of the operators and miners—thirty-two operators' representatives and thirty-two miners' representatives, with the miners further represented by President Lewis, Philip Murray, vice president, and William Green, secretary-treasurer.

The strike of coal miners, according to miners' officials, is in violation of the contract made by the joint scale committee of operators and miners to carry out the report of the coal commission appointed by President Wilson. The contract was signed March

BRIEFS

BOLOGNE, July 27.—(By The Associated Press.)—Premiers Lloyd George and Millerand determined at their conference here this afternoon to stand by the original plan for a peace conference with the Russian soviets.

WASHINGTON, July 27.—Preference and priority in the movement of bituminous coal for New England was ordered today by the interstate commerce commission.

The commission also ordered an embargo against tidewater shipments until daily consignments to New England were filled.

EDMONTON, Alberta, July 27.—On their second day's flight across Canada on a trip from Minneapolis, N. Y., to Nome, Alaska, four United States army aviators who left Saskatoon, Sask., this morning arrived here at 2:12.

PITTSBURG, Kan., July 27.—Approximately 2,400 Kansas miners have quite well as a protest against fines levied by the operators for observing the five day week according to operators' estimates tonight.

BELLEVILLE, Ill., July 27.—Fire of undetermined origin at Scott Field, the government aviation station, five miles east of Belleville, early tonight destroyed a hangar, six airplanes and several liberty motors. The damage is estimated at \$100,000 according to officers.

NEW YORK, July 27.—Attorney General A. Mitchell Palmer agreed with representatives of the coal industry at a conference here today to appoint a representative committee which will fix the maximum price for bituminous coal. Individuals and firms exacting profits beyond the fair margin fixed by the committee will be subject to investigation and prosecution under the Lever Act.

WASHINGTON, July 27.—Airmail service from New York to San Francisco is expected to be inaugurated the first week in September, Assistant Postmaster General Praeger announced today.

MICHIGAN CITY, Ind., July 27.—Five Chicagoans were killed and one probably fatally injured when an automobile was struck by a freight train at a crossing near here today.

LOS ANGELES, Cal., July 27.—Aparthquake lasting two seconds was felt here at 2:30 this afternoon. The shock rattled buildings but no damage was reported.

A second shock of the same intensity was felt at 2:40 p. m.

CONSTANTINOPLE, July 26.—(By The Associated Press.)—Colonel Jafar Teyar, Turkish nationalist commander at Adrianople, and his entire staff, were captured by the Greeks when the latter entered Adrianople, consequently Nationalist resistance in Thrace virtually has ended as there is no other important Turkish leader here.

SIoux FALLS, S. D., July 27.—Cut worms have appeared in the northwest of here according to reports today and damage of forty per cent was done crops of small grain. Every available man has been recruited to stop the worms which are said to number 100 to the square foot.

WARSAW, July 25.—(By The Associated Press.)—The communists announced reverses on the northern front Saturday where the Poles were outnumbered by the Bolsheviks and retreated at various points nearly 100 kilometers.

TOTAL EARNINGS OF U. S. STEEL \$43,155,705
New York, July 27.—Total earnings of the United States Steel corporation for the second quarter as issued today show a nominal gain over the previous quarter amounting to \$43,155,705, an increase of \$1,066,688.

Net income of \$21,688,301 compares with \$21,323,701 and surplus of \$13,776,833 shows a correspondingly small gain.

The usual quarterly dividends of 1 3/4 per cent on the preferred and 1 1/4 per cent on the common were declared.

UNIDENTIFIED MEN
KILLED BY TRAIN
St. Louis, Mo., July 27.—Identification had not been made tonight of three of four men who were killed at Mitchell, Ill., nine miles northeast of here this morning, when an automobile was struck by an Alton, Granite City & St. Louis traction car, at this time.

COOLIDGE COUNTS DOMESTIC ISSUES MOST IMPORTANT

Formally Notified As
One of G. O. P. Standard Bearer

URGES PROMPT RETURN
TO PEACE BASIS

NORTHAMPTON, Mass., July 27.—Governor Coolidge, in an address formally accepting the Republican nomination for vice president at notification ceremonies here today urged the country to summon its forces to solve the problems of reconstruction. He devoted most of his address to discussion of domestic issues but called first for a "return to a thorough peace basis because that is the fundamental American basis."

And before domestic problems can be solved, he added, there must be a return from "the voluntary autocracy" established in the emergency of war to a government as exercised under the doctrine of separation of powers.

Peace League Position
The governor commended the Republican senators for their opposition to the league of nations covenant as submitted by the president terming "the league in that form subversive of the traditions and the independence of America."

But the Republican party, he added, "approves the principles of agreement among nations to preserve peace and pledges itself to the making of such an agreement."

The exercises were held on Allen Field at Smith college before a crowd of several thousand which stood thruout the program.

Governor Coolidge's declaration in behalf of woman suffrage was the signal for an enthusiastic demonstration. He said that he had always voted for it but did not regard it as a party question. The Republican party, he said, stands pledged to use its "endeavors to hasten ratification which I trust will be at once accomplished."

**EXPRESS MESSENGERS
LEAD PERILOUS LIVES**

President of Railway Expressmen Says They are in Constant Danger—Makes Plea for Increased Salaries.

CHICAGO, July 27.—The perils of an express messenger who is locked in his car with shipments of wild animals, reptiles and a varied assortment of machinery were set forth today in the express employees' hearing on their wage demands.

Addison Bollinger, grand president of the Order of Railway Expressmen told of one express messenger who found himself in a car with a wild bear. The train was speeding 45 miles an hour when the bear broke out of its cage and drove the messenger to seek refuge among the roof rods. Finally he opened the door and the animal dived out into the night. He made a plea for increased wages for the 45,000 expressmen on the ground that not only the increased cost of living but the perils of their work entitled them to more money. The men are asking increases approximating 25 cents an hour.

**WILL PROVIDES FOR
DIVORCED WIFE**

Chicago Man Leaves Money to Care for Woman He Divorced—Leaves \$10,000 Annually to Former Wife's Sister.

Chicago, July 27.—James Moloney, former president of the Moloney Building in Ireland who died recently left part of his \$600,000 estate for the support of his divorced wife, his will, filed for probate today shows.

Mr. Moloney's will provides that \$10,000 shall be paid annually to his former wife's sister and that she provide for her sister's support from the sum.

**DUNNE'S FORMER HOME
BOMBED AND BURNED**

Dublin July 27.—Howard Griffith founder of the Sinn Fein organization has asked Eamonn de Valera president of the "Irish Republic" to convey the following message from him to Former Governor Edward F. Dunne of Illinois who was a member of the American Delegation to Ireland in 1919 and officially represented the citizens of Chicago in France, when they adopted the Rhineland.

"Tuam, the town of your boyhood education has been bombed and burned."

GERMAN LEADER SAYS BOLSHEVISM MUST SURELY BE CRUSHED

Ludendorff Warns That
Soviet Russia Must
Not Win

POLAND'S FALL WOULD
THREATEN THE WORLD

WASHINGTON, July 27.—(By The Associated Press.)—Victory for soviet Russia over Poland would result in bolshevism sweeping all Europe and eventually the world in the opinion of General Erich Ludendorff, the famous German war leader. His views are set forth in a memorandum on the "Dangers of Bolshevism" written last month and received today in official circles.

"Poland's fall will entail the fall of Germany and Czech-Slovakia," General Ludendorff says. "Their neighbors will follow. Fate steps along without elementary force. Let no one believe it will stop without enveloping Italy, France and England in its coils."

Addressing himself to the "civilized nations as a man who knows war" General Ludendorff pleads that his message not fall on deaf ears.

"Then it will be too late" he declared, "and the present civilization will crumble as did that of Greece and Rome."

"Bolshevism is a monster that must advance to exist. It is advancing now on a gradual progress and crushing everything before it in the midland sea and the Atlantic ocean."

"The world must figure with a Bolshevik advance in Poland toward Berlin and Prague. Lithuania is joining soviet Russia and is demanding a slice of the Prussian province of East Prussia. The moment will come when the Bolshevik armies will menace Germany and Czech-Slovakia directly."

"Lenine has advanced his lines to the frontiers of China Afghanistan Persia and India and is preparing to continue his victorious progress."

"The Bolshevik enterprises encounter resistance east of Lake Baikal on the part of Japan and General Semenov. The tenacity and the superior shrewdness of Japanese make it probable the Bolsheviks will meet reverses. However, the Bolsheviks have the inner line in the direction of India and Persia no less than in Europe. Japan's turn will be later as they figure."

Civilization Vs. Barbarism.
The Bolsheviks have England's world power to face in both directions but in addition to that we must remember they must face what the world calls civilization besides. A conflict between the Bolsheviks and England is not the only problem. The world could afford to be an onlooker in that case. The real problem is a conflict between civilization and barbarism."

"We must regard propaganda as a combative resource of the first rank. The Bolsheviks made an even more masterful use of it than Great Britain France and the United States did to compass the ruin of Germany during the world war."

**MAIL ORDER HOUSE
SHOWS BIG INCREASE**

Over Thirty-Three Per Cent Over First Six Months of 1919—Sales to June 30, Totalled \$53,113,007.

CHICAGO, July 27.—Net sales of Montgomery Ward & Co., for the first six months of 1920 increased 33.6 per cent over the corresponding period of 1919, according to the report presented at the director's meeting today.

Sales to June 30 totalled \$53,113,007 as compared to \$39,734,690 last year. Profits, it is stated, have increased in a ratio greater than the increase in net sales.

**APPOINTED RECEIVER
OF MOORE MOTOR CO.**

DANVILLE, Ill., July 27.—James E. Elliott of Danville was today appointed by district Judge English, temporary receiver of the Moore Motor Vehicle company and a motion will be filed September 5 to have him made permanent receiver.

Mr. Elliott qualified by filing his bond and immediately took charge of the company's automobile assembling plant here. There are about 6,000 stockholders scattered thruout the United States, several in Canada and one in Australia. Over 400 are located in this county.

**URGE APPOINTMENT
OF FUEL CONSERVATOR**

ST. LOUIS, Mo., July 27.—Appointment of a fuel conservator here with authority to confiscate and distribute coal belonging to the railroads in order to meet the shortage occasioned by the strike in Illinois fields will be urged on President Wilson, Mayor night.

**ENGLISH TEAM DEFEATS
BELGIUM AT POLO**

Ostend, July 26.—England defeated Belgium today in the continuation of play in the Olympic polo competition here. The score was England 3, Belgium 3.

The American army team which was defeated by the Spanish team on Sunday, will play Belgium on Tuesday for third and fourth places in the tournament.

MINE SITUATION IN THIS STATE IS BADLY MIXED

Operators Encouraged
to Sign a New
Wage Scale

PLAN NOT APPROVED
BY NATIONAL OFFICERS

SPRINGFIELD, Ill., July 27.—Authority to sign new wage contracts with whatever coal operators are willing has been telegraphed each of the fourteen executive board members of the Illinois Miners' Union by President Frank Farrington, he announced this afternoon. This followed the report that twenty operators had already signed to pay the \$2 increase to shift hands, including four mines of the Illinois Coal Operators' Association in the Duquoin district.

These four which were reported to Mr. Farrington as signing today are one at Pannock two at Cutler, and one at Pannockville. Thirteen were reported as signing in the Danville district yesterday, three in the Peoria district and one in Springfield.

This is a positive indication, according to Mr. Farrington, that a complete settlement only awaits the approval of the federal government. Until this assent is given or the operators do as the twenty who have signed have already done, there is no prospect of a resumption of mining, he said. About forty of the 700 mines in the state, including the twenty that have signed, will work tomorrow, Mr. Farrington believes.

Wants Proof of Charges.
Denunciation of O'Fallon local and other anti-anti-mining leaders added a little color to the situation today. A telegram was sent to the president of the O'Fallon local demanding proof of his statement that the state officers and the operators were in collusion to increase the price of coal. Unless the proof is forthcoming, Mr. Farrington wired "you are traitors to the Illinois miners' union."

The president also denounced certain leaders in Springfield who called a mass meeting here for tonight to demand increased tonnage rates for coal diggers.

"Such an attempt," said Mr. Farrington, "will overload and likely start our program."

The Springfield men seek to add higher pay for coal diggers as a strike cause, whereas the only legitimate cause, according to Mr. Farrington, is the unjust compensation of shift men.

W. H. Rogers of Albia, Iowa, and J. J. Walsh of Indianapolis, candidates of the department of labor remained in Springfield today. They announced they still have the strike under consideration.

**DETECTIVE FIGURES
IN ALLEGED HOLDUP**

Saloon Keeper Draws \$15,000 to Buy Whiskey—Bandits Take It—Accuses Detective Sergeant of Framing Him.

Chicago, July 27.—Detective Sergeant Paul Peterson was in custody of the state's attorney's office tonight as a result of the investigation of the holdup of Abe Nelson, saloon keeper yesterday when \$15,000 was taken by two bandits. Nelson told police today he believed the holdup was a plant and implicated Peterson.

The detective he said, told him where he could buy whiskey at \$102 a case. Nelson said he drew \$15,000 from the bank and with Peterson went to a machine shop. There, according to Nelson Peterson left. A minute later two bandits appeared and took the \$15,000 from an inside pocket, where he had secreted it.

**U. S. DESTROYERS
SEIZE FUEL OIL**

Washington, July 27.—Seizure by six United States destroyers of 500,000 gallons of fuel oil from the Associated Oil Co. at San Francisco yesterday was under authority of the Lever Act, it was stated today at the navy department.

**SOCIALIST CANDIDATE FOR
U. S. SENATOR DIES**

Topeka, Kan., July 27.—Dr. Eva Harding, sole candidate on the Socialist ticket for the party for United States senator, died here this morning. She had been ill with heart trouble.

**WEATHER INDICATIONS
AND TEMPERATURES**

Illinois: Fair Wednesday and Thursday; warm Wednesday.

Temperatures.
The current maximum and minimum temperatures as recorded Tuesday were:

Jacksonville, Ill., 79 88 51
Boston 70 78 56
Buffalo 66 70 58
New York 70 76 56
New Orleans 88 92 76
Jacksonville, Fla., 72 76 72
Chicago 72 79 62
Detroit 73 79 62
Omaha 73 81 60
Helena 73 81 60
San Francisco 56 62 42
Winnipeg 82 88 62

AMERICA ONCE MORE WINS TROPHY IN RACE WITH ENGLISH YACHT

Resolute Defeated Sir Thomas Lipton's
Shamrock in Easy Fashion — Victory is
the Thirteenth Recorded for U. S. Since
International Yachting was Established.

SANDY HOOK, July 27.—The America's cup stays in America.

This was decided shortly before sundown today when the American defender Resolute captured the 1920 regatta three to two by defeating Sir Thomas Lipton's Shamrock IV in the final race.

The defender outtailed the green sloop decisively, boat for boat in the last contest of a tempestuous series—the closest and most hard fought in the history of the precious trophy—crossing the line at 7:52:22 (unofficial time) only about 25 minutes before expiration of the six hours time limit.

Indeed, the last half of the race was a race of the defender against time with the fate of the contest resting on the wind, for the challenger was about one mile astern when the American sloop flashed over the line.

After having been led by the challenger two thirds of the distance to the first mark, a windward leg Resolute crossed her bows 10 miles from the start and breezed into a lead which she maintained and steadily increased to the finish line. By the time 22 miles of the course had been covered the defender was a mile and a half to the lead, reaching back and forth on her way to the finish line. At one time toward the end she was two miles ahead of Shamrock, but the challenger came up within a mile at the finish.

While waiting for Shamrock to finish, the steam yacht Victoria ran down Resolute and all hands led by Sir Thomas Lipton, gave the victor three cheers. The spectators' fleet gave the defender such a noisy welcome as she crossed the line that it could be heard ten miles away on shore. The official finishing times were:

Resolute 7:52:15.
Shamrock IV 8:05:20.
The elapsed time was:
Resolute 5:36:14.
Shamrock IV 5:48:20.

Thirteen Victories
For the thirteenth successive time since inauguration of international yachting a half century ago a British challenger has been defeated by a Yankee defender of the America's cup, the perpetual trophy named after the schooner Yacht America, which won the first race from Great Britain in 1851.

Before Shamrock IV, twelve challengers strove for the hundred guinea pewter mug. Sir Thomas Lipton has failed to realize a cherished ambition, after trying since 1899 with four different Shamrocks.

When America won the historic cup in 1851, the trophy was not an international one. Years after the cup was brought to the United States by the New York Yacht club and placed in trust as an international challenger prize. In only one instance in the history of the cup races until the 1920 series had a challenger won a single race.

First Race Recalled
The first race for the cup as a world trophy was on August 8, 1870, in lower New York Bay, when the challenging boat Cambrin competed against the entire fleet of the New York Yacht club. Cambrin finished tenth, Magic of the American fleet winning. This is the only instance in which a challenger has had to race more than a single defender.

Of the thirteen contests for the cup Sir Thomas Lipton has participated in the last four. Sir Thomas started in 1899 with Shamrock I. The defender, Columbia, took three straight races. Lipton came back two years later with Shamrock II and again Columbia II took three successive events. In 1903 he returned with Shamrock III which met and was defeated in three straight races by Reliance.

Then came Sir Thomas' challenge with a 75 footer to race in 1914 but on account of the war this boat, Shamrock IV, was held in drydock in Brooklyn and the race postponed until this season.

**MANY KANSAS CITY
FAMILIES WITHOUT MILK**
Kansas City, Mo., July 27.—Patrons of four of the largest milk distributing companies in Kansas City awoke today to find an advertisement in the morning newspapers announcing that the companies would supply no more milk under the present milk grading ordinance. The customers of these companies number about 12,000.

**WIDOWED MOTHER
ATTEMPTS SUICIDE**
Dixon, Ill., July 27.—Mrs. Susan, of Oregon, widow of a mother of three small children, attempted suicide by drinking the contents of three bottles of different poisons and then leaping into Rock river. Rescue from the river was effected quickly and it is believed she will recover.

OF LECTURES IN PARIS
Champaign, Ill., July 27.—Dr. James W. Garner, head of the department of political science, in the University of Illinois and recognized authority on international law has been chosen to deliver a series of lectures in Paris and French universities under the James H. Hyde foundation. Each year an American of international reputation is scheduled to deliver this series of lectures in France. Dr. Garner will sail in September.

SIR THOMAS IS A GOOD SPORT.

Sir Thomas Lipton is a good sport for he insists he will be back next year and make another effort with the Shamrock or some other fast sailing vessel to wrest the championship cup from America. A man with less courage would have long since given up the task for year after year the Englishman has attempted to win the victory and has failed. But he never complains or says that he has been ill-treated. He simply takes his medicine, sails away for home shores and declares he'll be back at a later date and do the job. If there is anything in persistent courage and the Englishman lives a few more years he may yet realize his life's ambition.

MUST HAVE AMUSEMENT.

It is said that theaters now in the course of construction in New York City represent an investment of \$25,000,000. This huge expenditure is being made notwithstanding the fact that there are already five hundred theaters in New York City. Providing amusement for the American public has become a colossal business. There are some families where money for amusements is counted out before allowance is made for the ordinary household expenditures. Amusement promoters know this fact and that's the reason they are willing to invest their money. Only rarely do they fail to receive good returns.

WHEN THE LAW FAILS

A few months ago Mossy Enright, a well known Chicago gunman was shot and killed by a man in an automobile which pursued him for the purpose. Three men were arrested for the crime. One of them confessed and although he repudiated his confession was convicted and sentenced to the penitentiary.

The other two have been in jail but are now to be released because two of the state's important witnesses have disappeared. These witnesses were originally under arrest but their releases were secured thru the activity of a clever lawyer with habeas corpus proceedings. Certainly there is something wrong relating to criminal procedure which makes such a situation possible. It is such a situation that breeds disrespect for law and increases crime.

THE CAR SHORTAGE MYSTERY

The plaint of the mine operators for many weeks has been that a shortage of cars has cut coal production to a dangerous minimum. Now wheat cannot be moved because of the scarcity of cars. No doubt both the coal men and the grain men are sincere in the statements made for there would seem to be no good reason why they would present anything but the facts in dealing with this subject. Nevertheless it would be a surprising thing if in the course of the next few months there comes a vast increase in the car supply.

Eighteen months ago when the railroads were making loud complaints about the car shortage there were known to be thousands of new box cars on the side tracks of some Illinois cities and on side tracks in various cities in the east. Many freight cars are out of repair. The number of new cars has not been anywhere near normal in the past three years but there is still much of a mystery about this whole matter of equipment shortage.

PRESIDENT WILSON AND THE TREATY

The Outlook of July 21 contains an article from an eminent French politician and journalist, a man very friendly to this country. He so aptly sizes up the situation that his words are well worth reading.

He says there is a very bitter feeling abroad in France toward the United States, but it is not shared by the statesmen and careful students of affairs but with the unthinking masses who are tired of war, and feel that the German monster is preparing to eat up the world and that he ought to be destroyed before he makes the attempt.

When the United States entered the war the masses in France thought the conflict was won and that the United States would practically be annexed and they would use it as they pleased and now they are angry for their mistake. The facts is, he says, the press is somewhat to blame and President Wilson entirely so. If he had not insisted on coming to Paris, Franco-American relations would not be as they are. The President in Washington was a great figure but in the council he was an embarrassing one if only by his utter lack of knowledge of the intricacies of European politics. He tried to impose on the council his views regarding the league of nations—the mistake of mistakes. He all along tried to pose as the whole United States nation and have it understood that his views were those of the United States and so thinking the idea of the league of nations was the great American idea the council accepted it against its better judgment, against the dictates of common sense and in spite of many misgivings.

When they discovered that they had been misled by President Wilson and that his views were not at all the views of his country they felt sore.

Now everybody in France wants President Wilson out for they feel that it is his want of tact and his supreme confidence in himself that has brought about the present muddle. France is grateful to America for help in the great war and impatient because of her conduct in regard to the treaty and its still-born offspring, the league of nations—a Utopia if there was one.

The moral of the tale is that as soon as President Wilson is out it will be possible to educate the French people into understanding the real sentiments of the people regarding the league. Unfortunately France was induced to worship President Wilson and make an idol of him and she is smarting under her disillusion. When that passes away she will not worship, but esteem and respect the United States.

BOOKS

I sit me down in sylvan nooks and read about a million books, of every mortal kind; and some are tales of Nick the Sleuth, and some are loaded down with truth, and they improve my mind. I read all kinds of printed junk, the good, the noble and the punk, the ancient and the new; and men who see me reading sloop predict that if I do not stop, my head will go askew. All kinds of books I buy and hoard, and I'm the guy who's never tired, to whom no days seem long; I see my neighbors groan and yawn, and wish the weary hours were gone, the hours that seem all wrong. I see impatient people go to dance, to concert or to show, to pass the eve away; and I sit happily at home and read some large and mildewed tome that makes my spirit gay. And on the cold and stormy nights I have at hand the rare delights that never stale or pall; I walk with grand old seers and bards through cloisters or in castle yards where sounds the herald's call. "Amusements!" is the modern cry; "let us be entertained or die," the maudlin millions plead; but I don't care for tinsel shows, for ragtime noise, or things like those, for I have learned to read.

SERVICE INTERRUPTED AT LIGHT PLANT

Series of Troubles with Equipment Resulted in Near Shut Down for Several Hours Tuesday.

A series of troubles at the power plant of the Jacksonville Railway and Light Company caused an interruption of service Tuesday. Between 8 o'clock and 9 o'clock in the morning the power was off a part of the time. Then from 10:15 to 2:15 there was almost a total suspension. During all that time the street car service was off in order that any power available might be used for other purposes.

Supt. Gray said that he never before had so many troubles happen at one time. Early in the morning something went wrong with the draft of boiler No. 1 and shortly afterward there was stoppage in the water feed of boiler No. 2. Before these defects could be remedied a link was broken in the chain attached to boiler No. 3. This meant that that boiler could be used for several hours, and it was of course not sufficient to carry all the load.

At no time were the hospitals cut off as it was realized that power and light there were absolutely necessary. The two hospitals are on Circuit No. 1. The Illinois Steel Bridge Co. is also on that circuit but the management complied with the request of Supt. Gray and used no power during the trouble hours in order to be certain that service was not interrupted at the two hospitals.

Repair men were busy at the plant all thru the night hours and damaged parts are now practically in normal condition. Supt. Gray said last night that he deeply regretted the inconvenience suffered by various industries and by the public in general but said the situation resulted from a series of happenings that no one could foresee or prevent.

MORE BOY SCOUT TROOPS IN PROSPECT

Conference Was Held Tuesday Night at K. C. Hall to Further the Work.

Tuesday evening a meeting was held at the K. C. Hall, in furtherance of the Boy Scout movement in Jacksonville. The meeting was presided over by J. J. Kelly and the following speakers presented the points which in their judgment were favorable to the idea.

Judge Samuel spoke of some of his experiences in the juvenile along the general lines of the principles actually the movement. Mayor Crabtree spoke of the mayor's remarks, and also spoke of the importance of looking after the welfare of the boys as our future citizens. Harry M. Capps spoke of the Rotarians' interest. Dr. Edw. Bowe offered very good suggestions as to the responsibilities of the parents and others.

A feature of the meeting was the address of Miss Sweeney who had considerable experience in welfare work under the auspices of the K. of C. in the battle devastated area after the armistice. W. T. Harmon also spoke of the benefits of organization manifested among the soldiers while waiting for their return to America. The thanks of the meeting was tendered the speakers in well chosen words by Father Cahill.

A committee of twenty one is at work on organization and there is no doubt that presently Jacksonville Boy Scout numbers will be augmented by several new troops.

WANTED LABORERS

50 cents per hour. Apply Walbridge Engineering Co., Jacksonville Filter Plant.

M. E. BURGEO AT MURRAYVILLE TODAY

The annual burgo of the Ladies Aid of Murrayville M. E. church will be held in the park in Murrayville today. The ladies have made ample preparation for the occasion and an interesting program has been prepared. With good weather conditions a record breaking crowd is expected. Many local citizens are planning to attend the picnic.

GIRL FRACTURES SHOULDER

Monday afternoon Helen, the daughter of Mr. and Mrs. William Loughery of Concord, fell from a cherry tree and fractured her left shoulder. She was brought to Jacksonville where an X-Ray picture was taken and the bones set.

GUARANTEED 2 YEARS

You can always tell a Philadelphia Diamond Grid Battery plate at a glance. Both sides are covered with Diamonds. If the Diamonds are not there it is not genuine. Don't let anybody convince you otherwise. Once in a while, we hear of somebody pulling out an old unknown plate—without Diamonds on it—and claiming that it was taken from a Philadelphia Diamond Grid Battery. Let us show you a genuine Diamond Grid Plate so you can always be sure of what you are getting. It is well worth being sure. Battery inspection free. Expert repairing and recharging.

OLD JACKSONVILLE

EARLY SETTLER MANAGING AGAIN

By Ensley Moore

(Member Illinois State Historical Society)

Mr. Eames was a little mixed in his mind, apparently just when Morgan county was first settled. Of course it is known that the Kelloggs were the first white settlers. And Eames, on page 9 of his "Historic Morgan and Classic Jacksonville," says:

"As early as 1818, when the now great Commonwealth of Illinois was admitted into the Union, most of the white inhabitants * * * lived south of a line between the mouths of the Wabash and Illinois rivers" (that is, about Alton and Shawneetown). "That year Seymour Kellogg * * * moved from New York State to Illinois. * * * In the fall of 1819, with his brother Elisha, he moved to near the head of Mauvalsterre. * * * They built their cabin in Township 15 N., Range 9 W."

On page 11, Eames says: "In 1819, when the Kelloggs built their humble and now historic cabin * * * their nearest white neighbors were thirty miles distant."

On page 19, Eames says: "Florentine E. Kellogg, who came to this county in 1815 with his father, Elisha, one of the original Kellogg brothers, lived in pioneer log cabins a year, and then * * *"

Another Version.
Eames' preface was dated March, 1885.

Andrews, Lyter & Co., of Davenport, Iowa, published an "Atlas Map of Morgan County, Illinois," in 1872, in which were given lists of early settlers, their places of birth, and time of coming here. In one list of which Florentine E. Kellogg is noted as born in Genesee county, N. Y., and coming here in 1818. This "Atlas Map" also had many sketches of early settlers, one being Florentine E. Kellogg, then residing here in town. The sketch of him, speaking of his father says: "In 1818 he moved to White County, Ill., where he remained a short time, moving next to Morgan county, Ill., arriving there in October, 1818. * * * At this time the shoes of his children were squirrel skins drawn over the feet. * * * Florentine went from here to Rushville, then to Galena, and in 1846 to California, from which state he came back here in August, 1871. He afterwards returned to California, where he died at Goleta, October 1, 1889. In 1907 Florentine's son, Frank E. Kellogg, published "The Ancestors and Descendants of Florentine E. Kellogg, and his * * * whose maiden name was Rebecca Jane Williams * * * Frank E., is still living at Santa Barbara, Calif. In this family sketch book Frank E., says of his grandfather: "Elisha Kellogg and his wife Elizabeth, with their five oldest children, * * * settled there (Morgan County, Illinois) in the year 1818." Florentine E. was the fourth of Elisha's children."

A Hard Trip.
Frank E. tells in his booklet, how his grandfather Elisha fared, in 1834, going from here to Galena, where Elisha with his wife and family "came to Rock River they found that the ferry boat had been sunk. The family were all sick with chills and fever," so Elisha "was left to overcome the difficulty alone, as best he could. With almost no assistance he raised the boat to the surface."

ZION

Mr. and Mrs. George Meredith and son of Springfield spent several days last week with Mrs. Meredith's sister Mrs. S. A. Bracewell and family.

Mr. and Mrs. Charles Still and son of Murrayville spent Saturday night with Mr. and Mrs. William Still on Sunday. Accompanied by Mr. and Mrs. Still they motored to Godfrey to visit Mrs. Still's sister.

Miss Theresa Wagstaff is enjoying a new Edison phonograph. Mr. and Mrs. Claude Bolton and son spent Sunday with Mr. and Mrs. Edgar Sorrell near Nortonville.

Mr. and Mrs. Andrew Reid spent Sunday afternoon with Mr. and Mrs. Henry Ozburn.

Mr. and Mrs. B. Walker of Murrayville spent Sunday afternoon with Mr. and Mrs. Wm. Hart.

Mr. and Mrs. Frank Reid and son and George Marsh visited last Thursday with Mr. and Mrs. Andrew Reid.

Miss Gladys Hembrough visited last week with relatives and friends in and near Frank.

There will be an ice cream social held at Union Grove church about seven miles southeast of Murrayville Saturday evening, July 31st.

Mr. and Mrs. William Wade and daughter of Murrayville and Mr. and Mrs. Carey Wright and family of White Hall were visitors at S. A. Bracewell's Sunday.

There will be preaching every Sunday afternoon at Zion until conference.

Mr. and Mrs. William Hart and daughter and Miss Ruth Spencer called on Mr. and Mrs. James Gibson of Jacksonville Saturday evening.

Mr. and Mrs. S. A. Passage spent Sunday with George Spencer and family near Murrayville.

Mr. and Mrs. James Gibson of Jacksonville took Sunday dinner with their daughter, Mrs. William Hart and family.

Chester and Walter Dobson visited their sister, Mrs. Earl Hall, Sunday.

Mr. and Mrs. S. A. Passage called on John Maloney and family Saturday evening.

Mr. and Mrs. William Hart and daughter and Miss Ruth Spencer called on Mr. and Mrs. George Durham recently.

bailed out the water, and then got a pole with which to push it across the river. He then proceeded to ferry the loose stock across. When this was accomplished, he put the family all on board, with the wagon and one yoke of oxen. When they were about half way across, one of the oxen discovered a loaf of bread which was exposed in a bake kettle just before him. The old fellow made a start for it, when the plank on which he stepped pushed off from the bottom of the boat, and in came the water with a rush. They beat the ox back, replaced the plank as well as possible, put an overcoat under the leak, and pushed all they could on the pole. With a strong current, and the water about 12 feet deep, it became a race for their lives. When still 20 rods from the shore, the boat went to the bottom with all on board. But fortunately, they had reached a sand bar, where the water was only four feet deep, and no lives were lost."

On another occasion, soon after his marriage, Florentine and his wife, Rebecca Jane, "were lost on a wide Illinois prairie, and lay out all night in a fierce snow storm, without tent, fire or bedding."

Another Story.
Eames quoted Mrs. Asenath Williams, of Brighton, Ill., who wrote in 1879, regarding her father, Col. Seymour Kellogg: "He then built a log cabin, clapboard roof and ground floor and no doors or windows, and twenty miles to any neighbors. Indians, wolves, wild turkeys and hogs were all around us. He stayed there one winter and came near freezing to death, having gone with two yoke of oxen twenty miles for a load of corn. A severe snow storm came, and, losing his way, he lay out one night, and turned his oxen loose. They found their way home. Search was made by an uncle, who came out with us, and my brother, then 13 years old. They found my father with his feet frozen and had hard work getting him home, where he laid for months, unable to walk. That spring we moved west of Jacksonville, near the creek. We caught fish from the Mauvalsterre, that ran over the prairie near the high mound, where Mr. Strawn located a beautiful place. My father was appointed State Surveyor, and he laid out the towns of Jacksonville, Exeter, Beardstown, Meredosia, Griggsville and many other places. He kept the first store in Exeter, was P. M., J. P., and held other positions. While living at Exeter he went to St. Louis for goods, going in a wagon, for there was no rail in those days. * * * One week after arriving there he was buried from the residence of Mr. Charles Collins, his son-in-law."

The first preaching in Morgan county was at our house. The first school was taught by my sister in a log cabin without any doors or windows. In 1821 these two families of Kelloggs, Seymour's and Elisha's came from Genesee county, New York. Back of that they came from Massachusetts, and further back, from Scotland.

The family was nervy and prominent from the Atlantic to the Pacific.

S. A. Passage and wife spent Sunday evening with William Hart and wife.

NOTICE TO PUBLIC
There will be no article or animal put up at my closing out sale on Sat., July 31st which has been sold before sale or which is not my own property.

8 head bred milk cows.
22 head pure bred Poland Chinas.
Implements.
Dresser.
75-pound capacity ice box.

STORAGE BATTERY

WITH THE
Dreadnaught
PLATES

Better Have One in Your Car

Get the same reliable service from your starting battery that great railroads get in their signal operation—by using the battery with Dreadnaught Plates.

The life and service of a battery depends primarily on its plates. And the Dreadnaught Plates of the Gould Storage Battery have quality built into them.

To get a more uniform quality of active material than the commercial market yields, the lead oxide for Dreadnaught Plates is Gould made—an exclusive feature of this battery. Long and sturdy service comes from these high-capacity hard plates.

When you need to replace your present battery, base your choice on plates—Dreadnaught Plates—and get a Gould. We have a Gould Storage Battery designed for your car.

Oxfords For Fall at \$6.95

We have just received from the factory several cases of fall oxfords for growing girls and women made of the finest of kid and calf leathers. These shoes are of exceptionally fine quality and are smart footwear. Yet while this stock lasts we are going to sell them at \$6.95. They would be cheap enough at \$10.00. This will be a "first come—first served" affair and if you hesitate to secure a pair of these oxfords you will very likely lose out.

All Sizes and Widths in Brown and Black in Both High and Low Heels.
This is Your Opportunity to Save Money

Edwin Smart Shoe Co.

F. B. Zerenberg of Roodhouse was a visitor yesterday at Passavant hospital where his wife is a patient.

George Naulty of the Prentice neighborhood was a business caller in the city yesterday.

Roy Heaton was among the representatives of Lynnville in the city Tuesday.

George Standfields, from south of Jacksonville, was among the business visitors in the city Tuesday.

Mrs. Harry Rice of the Arnold vicinity was a shopper in Jacksonville yesterday.

Mrs. Oretta B. Dowling has returned from a two months' vacation at Anderson, Ind.

Mrs. Sarah Moore of Meredosia is a guest at the home of Mr. and Mrs. J. G. Berger.

Howard Robinson of Versailles was a business caller in the city Monday.

Diamond Driver of Carrollton was in the city yesterday.

E. L. Sweet of Franklin was a business caller in the city Tuesday.

Miss Harriet Bobbitt of Chapin was among the shoppers in the city yesterday.

LOOK!

Do you want a place to build a house? I am going to sell at public auction on Saturday, July 31, 71 lots in six groups, located in Spaulding's Mound Side Addition.

KIRBY'S

CLOSING OUT SALE
Watch for itemized list.

WILL MAKE INSPECTION HERE
Mayor Crabtree has been notified by State Fire Marshal Cambler that a deputy will visit Jacksonville in the course of the next few days to make an inspection.

This visit is in line with the policy of the state department which makes inspections in various cities from time to time.

In view of the coming of the inspector here it is likely that residents who have been careless in accumulating rubbish or in other ways adding to fire hazards will get ready for the fire marshal's visit.

While the main inspection work will be in the business district the official it is understood will also spend some time in all of the wards.

We trim or retrim any hat to please you.

New Lot Just Received.

Clearance Sale on Cotton Voiles

HIS FRIENDS DON'T RECOGNIZE HIM NOW

**"Flu" Had Dragged Him
Down to 115 Pounds But
He Now Weighs 150—
Gives Tanlac all the Credit**

"At the time I commenced taking Tanlac I actually weighed only one hundred and fifteen pounds, but now I tip the beam at one hundred and sixty pounds and feel as fine as I ever did in my life," was the remarkable statement made recently by H. W. Mahle, of Toulon, Ill.

"One year ago when I got up from a severe attack of the 'flu' I was as weak and run-down as a man as you ever saw and I was losing weight so rapidly it scared me and I kept falling off until I was hardly more than a frame. My stomach was all out of order and I didn't want to eat a thing, for I knew what agony I would be in afterwards. Everything I ate lay on my stomach and soured and I could taste it for hours afterwards. Gas would rise up into my chest and press around my heart until I thought I would choke and there was a burning like a coal of fire in my chest and throat. My nerves were in a terrible condi-

tion and I was irritable and fretful. Awful spells of dizziness often struck me and made me weak. Whenever one of these spells came on me it always knocked me out and I would have to go home and go to bed. By half the time last year I wasn't able to do any work at all and I was beginning to think I would have to give up altogether.

"Finally one of my neighbors who had been taking Tanlac with fine results recommended it to me. After I started on my second bottle my appetite got a new start and my indigestion began to lose its grip and I commenced to pick up in weight rapidly. In all I took five bottles and now my friends hardly know me at first sight, for I have regained all my lost weight and several pounds more, and I can do as hard a day's work as I ever could. Everything I eat agrees with me and I never am bothered with any kind of stomach trouble. My nerves are as steady as a clock and I don't have those dizzy, fainting spells any more. I have simply been made all over again and I am feeling even better than I did before my troubles came on."

Tanlac is sold in Jacksonville by Coover & Shreve and in the leading drug store in every town. Adv.

JACK DEMPSEY TO MEET BILLY MISKE

In a 10 Round Heavyweight Championship Contest at Benton Harbor, Mich., on Labor Day.

CHICAGO, July 27.—Jack Dempsey, heavyweight champion of the world, was matched late today to meet Billy Miske of St. Paul in a 10 round heavy-weight championship contest at Benton Harbor, Mich., on Labor Day.

The champion, according to announcement by Promoter Fitzsimmons, has been guaranteed \$50,000, with a privilege of accepting a percentage of the receipts while Miske has been guaranteed \$25,000.

Miske has promised to establish training quarters in Benton Harbor four weeks in advance of the contest and also agreed to call off two scheduled matches.

The contest will be staged in the arena where Benny Leonard defended his lightweight championship against Charley White, July 5. The arena will be enlarged.

The fight will be to a decision providing Dempsey agrees, it was announced.

CHICAGO MAY FACE WATER FAMINE SOON

Manufacturers and Business Houses to be Cut Off in Five Days Unless Coal is Received—Only Twelve Days Supply on Hand.

CHICAGO, July 27.—Manufacturing plants and business houses using city water will be cut off within five days unless coal is received by the municipal water works the city engineer announced today.

Only twelve days supply is on hand. Sixty thousand tons of up by strikes and car shortage, it was said.

GOVERNOR COX MAKES PROGRESS IN WORK OF ACCEPTANCE SPEECH

Campaign Expenditures May Be Touched in His Address

DAYTON PREPARES FOR HIS HOMECOMING

DAYTON, Ohio July 27.—Governor Cox today made what he termed a big hole in the work of drafting his address accepting the Democratic presidential nomination and had a conference with Senator Pomerene of Ohio regarding continuance of the senate investigation of campaign expenditures.

The governor learned from Senator Pomerene that the latter had written Senator Kenyon Republican the investigation committee's chairman requesting continuance of inquiry. Mr. Pomerene said he had not had a reply but no doubt that the investigation would proceed and into states as well as the national campaigns.

Gov. Cox gave the impression to visitors that the question of campaign expenditures would be one of the speediest topics of his acceptance address.

Senator Pomerene was the governor's only visitor and the Democratic candidate reported rapid progress on his acceptance address.

Dayton today prepared for the homecoming celebration in Governor Cox's honor next Friday.

TWO KILLED WHEN TRAIN HITS AUTO

KANKAKEE, Ill., July 27.—Mrs. Warren Hicks and her sister, Miss Martha Denison, both of Kankakee, were killed and Warren Hicks and another man seriously injured this afternoon when their automobile was struck by the north bound St. Louis-Chicago Daylight Special of the Illinois Central at Piper Crossing 14 miles north of Kankakee.

FEDERAL OFFICERS ARREST TWO ARMY DESERTERS
Champaign, Ill., July 27.—Luther F. Arnold and Dewey H. Carr who posed as brothers when arrested on a charge of having stolen a trunk from the Illinois Central station here, were placed under arrest today by federal officers and taken to Danville on charges of theft of an interstate shipment.

Both have admitted they deserted from the army, according to police and that they forged furloughs, discharges and commissions.

FILE PETITIONS
Springfield, Ill., July 29.—Charles J. Clear, Democrat, of Cicero, filed his petition here today for congressman from the sixth district.

Petitions for state representative were filed by Charles E. Bainbridge, Republican, Danville; Charles M. Hanley, Democrat, fifth district, Chicago, and John J. Fruzya, Democrat, 19th district, Chicago.

EUREKA COACH RESIGNS

Bloomington, Ill., July 27.—Announcement was made here today that George H. Pritchard, for five years director of athletics and coach of the athletic teams at Eureka college at Eureka, Ill., had tendered his resignation to the board of trustees in order to accept a similar position at Drury college, Springfield, Mo.

Pritchard turned out a state championship basketball team at Eureka in 1918.

SIR THOMAS LIPTON SAYS THE BEST BOAT WON

Aboard Steam Yacht Victoria, July 27.—(By Wireless to The Associated Press).—"I am very sorry, but the best boat won" was Sir Thomas Lipton's remark as the Resolute crossed the line a victor today and defeated the Shamrock's fourth attempt to capture the trophy.

COMMUNISTS PRESECUTED

Chicago, July 27.—William Bross Lloyd and his nineteen associates in the communists labor party on trial for an alleged plot to overthrow the government of the United States by force were pictured as "persecuted" victims of Attorney General Palmer's desire "to ride into the presidential chair by raising a hullabaloo against 'reds' when the defense opened its argument today.

Freeport, Ill., July 27.—Scattering returns indicate that F. J. Stransky and Harry Edwards, Republicans, defeated Joseph Knack and M. S. Eakle, Democrats in the special election for circuit judges today to fill vacancies in the fifteenth judicial circuit. The vote was very light.

U. S. MARINES ENGAGED IN ALL PARTS OF WORLD

Fighting Never at An End for Uncle Sam's Marines—Prepared for Any Emergency in China.

Washington.—For Uncle Sam's marines the fighting is never at an end. While the great war and their part in it is history, they still are busy in the far corners of the world settling small disturbances, guarding government property and awaiting any eventuality.

In Haiti and San Domingo nearly 4,000 "Devil Dogs", as the Germans came to call them after Belleau Wood, are maintaining order and bringing recalcitrant bands to justice. It is not a play job by any means and at times lately it has assumed the proportions of real war. Casualty lists are not lacking and almost every week there come to headquarters here the names of "leathernecks" killed or wounded in clashes with bandits and revolutionaries.

"In China the legion guard of 275 marines at Peking is ever prepared for any emergency and for a time recently it appeared that they would be forced into action against Chinese revolutionists who were threatening to attack the Chinese capital.

In Nicaragua another legion guard is maintained, while the marines are aboard American warships in Mexican waters prepared on short notice to protect American lives and property should their services be required.

In Haiti, the corps is represented by 1,700 officers and men in two small regiments comprising the First Provisional brigade. The brigade is commanded by Colonel J. H. Russell and the two regiments by Colonels L. M. Little and R. C. Berkeley.

Of late conditions in Haiti have quieted down to some extent and although skirmishes with bandits are still a common occurrence it is said at headquarters that the marines "have the situation well in hand."

In San Domingo an even greater force of soldier-sailors are on duty. Here 2,200 marines, organized into three regiments, form the second provisional brigade, commanded by Brigadier General Logan Feland. In the northern part of the island the fourth regiment under Colonel Dion Williams, is taking things easy but in the south the fifteenth regiment in the field in small detachments, chasing bandits and outlaws and quite often getting a smell of gunpowder. The regiment is commanded by Colonel J. C. Breckinridge. General Feland and his staff have headquarters at San Domingo City and the third regiment is stationed there in reserve.

Since the killing of the bandit leader Charlemagne and a number of his followers, and the surrender of Benoit Bertraville, another bandit chieftain, San Domingo, has assumed a quieter aspect, headquarters' officials declare, and it is believed that there will be little more active fighting on the island. However, the greater part of the brigade probably will be kept at San Domingo for some time to guard against any outbreak.

Rear Admiral Snowden is military governor of both Haiti and San Domingo and the marine forces are directly under his command.

No unusual occurrences have been reported recently by Captain J. H. Underhill, commanding the guard at the United States legation at Managua, Nicaragua. Two companies are maintained at this post.

COMMUNISTS PRESECUTED

Chicago, July 27.—William Bross Lloyd and his nineteen associates in the communists labor party on trial for an alleged plot to overthrow the government of the United States by force were pictured as "persecuted" victims of Attorney General Palmer's desire "to ride into the presidential chair by raising a hullabaloo against 'reds' when the defense opened its argument today.

Freeport, Ill., July 27.—Scattering returns indicate that F. J. Stransky and Harry Edwards, Republicans, defeated Joseph Knack and M. S. Eakle, Democrats in the special election for circuit judges today to fill vacancies in the fifteenth judicial circuit. The vote was very light.

FIND HUMAN BONES IN BURNED FARM

Suspect That Murder Has Been Committed—Believed Bodies Placed in Barn and Then Building Set Afire.

DANVILLE, Ill., July 27.—Considerable excitement has been created in the vicinity of Wellington, roquios county, by the discovery of some bones in the ashes of a barn on the farm of John Lockhart, which was burned Saturday night.

A Wellington physician this afternoon pronounced the bones those of human beings their number indicating that the bodies of two persons were partly consumed in the fire. William Deckhard, a neighbor, saw an automobile enter the barnyard Saturday evening about dusk and immediately after it departed the fire broke out which destroyed the barn and the Lockhart home.

Mr. Lockhart and family were absent at the time and declare they left the barn doors open. When Deckhard arrived the doors were locked.

Coroner Skiff is on the ground making an investigation on the theory that one or more murders have been committed and that the bodies were disposed of by placing them in the barn and firing it.

FRANCISCO VILLA OBEYING ORDERS

This Miracle Said to be Happening Down in Mexico—Bandit Wants to Surrender.

MEXICO CITY, July 27.—Francisco Villa is obeying all orders given him by the government, General Eduardo C. Garcia, chief of staff told The Associated Press today.

"Villa has been instructed to concentrate his troops at Sabinas and he has," said General Garcia. "The only guarantee given Villa is one of life but details of surrender are being handled by General Eugenio Martinez, commander of the northern operations."

"Villa has 600 men. He may come to Mexico City to receive the terms of surrender, which probably will be retirement to private life with possible government aid to get started in civil life."

No. 37 110 Acres

3 1/2 miles southwest of Litchfield. About 85 acres gentle to level rolling in cultivation, balance pasture with scattering timber. Pasture well watered with good living springs, good well and cisterns at house. Improvements consist of good six room house, horse and cow barn, implement building, scales and other outbuildings. Abundance of good fruit. Price for this place, \$20,000.

It's Iron In The Blood That Makes Iron Muscles Like These---

Physician Explains a Secret of the Great Power and Endurance of Athletes—Tells How Organic Iron—Nuxated Iron Helps Build Rich, Red Blood That Gives Physical Strength and Energy

To touch the arm of a strong, sturdy man—to feel the steel-like firmness of those muscular sinews—to think of the tremendous force and power that must lie behind such strength—these are thrills that come to the thin-blooded men and women whose own bodies are weak and physically unfit.

"There are countless numbers of men today who at 40 are broken in health and steadily going downward to physical and mental decay," says Dr. John J. Van Horn, formerly Medical Inspector and Clinical Physician on the Board of Health of New York City. "Yet there are thousands of such men who undergo a most remarkable transformation the moment they get plenty of the right kind of iron into their blood to give increased energy and endurance. To help build stronger, healthier men and women, better able physically to meet the problems of everyday life, I believe that physicians should, at every opportunity prescribe organic iron—Nuxated Iron—for in my experience it is one of the best tonic and red blood builders known to medical science."

If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day, after meals, for two weeks. Then test your strength again and see for yourself how much you have gained. Many an athlete or prize fighter has won the day simply because he knew the secret of great strength and endurance, which comes from having plenty of iron in the blood, while many another has gone down to inglorious defeat simply for lack of iron.

Manufacturers' Note: Nuxated Iron, which is not a secret remedy, but one which is well known to druggists everywhere. Unlike the old inorganic iron products, it is easily assimilated and does not irritate the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed by all good druggists.

NUXATED IRON
For Red Blood, Strength and Endurance
Armstrong & Armstrong and Gilbert's Pharmacy

WHAT more wonderful thing in the world is there than the love of the lover for some girl's glorious hair that has held him in its thrall?

What more pitiful thing is there than the girl with poor, thin, stringy hair, who longs above all things for that worship that has never been hers.

Therefore, what greater news could there be than the news which now comes from one of the largest and oldest and most reliable pharmaceutical houses in America that the cause for practically all hair troubles has at last been found and the remedy discovered.

No less a concern than F. A. Thompson & Company, who have manufactured medicines for your physicians and druggists for over a quarter of a century, have discovered the remedy that will not only destroy dandruff, but also the germ that causes dandruff and itching scalp and falling hair; and that this remedy is also a wonderful food for hair in producing a new and remarkably luxuriant growth and a beautiful, glossy appearance.

They have conducted tests now for a period of over four years on thousands of heads and they guarantee that this remedy, which contains no alcohol or chemicals and therefore can be used daily, will produce results that you can see within a matter of days.

They not only guarantee this, but they allow you to return the empty bottle to your druggist and get your money back in case you yourself are not satisfied with the results produced.

They have given this remarkable discovery a trade name easy to remember and have called it FAMO.

FAMO comes in 35c and \$1 sizes. The large \$1 size they guarantee will effect such results as to be a revelation to you. You will hardly know your own head. There is also a trial size for 35c.

You can get FAMO in this city from any toilet goods dealer under the full guarantee mentioned above. And certainly such a statement from such a concern with so complete a guarantee is worthy of a trial by any man who wants good healthy hair, or any woman who wants a luxuriant mass of it.

Large stock of FAMO is carried by dealers.

If your dealer in your town cannot supply you, send 10c for a sample bottle together with their free, authoritative folder on the treatment of the hair and scalp. Address F. A. Thompson & Company, Detroit, Mich., Dept. 25.

CHANGES IN WONDERS OF YELLOWSTONE PARK

Unusual Depth of Snow and Rain Spring Believed to Be Cause of Unexcelled Exhibitions in National Park This Year — Grand Becomes Park's Most Powerful Geyser.

Yellowstone, Park, Wyo.—Interesting changes have developed this year in the natural wonders of Yellowstone National park. Led by Old Faithful Geyser, which has shortened the interval of its performances by almost a quarter of an hour, and is now playing every 54 minutes, the geysers and hot springs are on their best behavior, as if mindful that the number of visitors is expected to exceed 100,000 for

the first time in the history of the park. Unusual depth of snow during the winter, followed by a rainy spring, is believed to be responsible for the brilliance of the natural phenomena. Abundant moisture has been stored in the underground passages feeding the geysers and springs to enable them to excel all their previous exhibitions. The Grand has become the park's most powerful geyser. It is playing once or twice each day and for 10 to 20 minutes affords a magnificent spectacle of a fountain of steaming water 200 feet in height, which is succeeded by five to 12 distinct eruptions. Constant has discontinued operations, its activity apparently transferred to the Whirligig directly across the footpath. Mud Boller has changed its tactics and is discharging water that is almost clear. Scores of smaller geysers are constantly in action and of course Old Faithful, which attains a height of 125 to 170 feet, is observed hourly by persons from all parts of the world as in former years.

At Mammoth Hot Springs, the headquarters of the park administration, the terraces are a marvel of gorgeous coloring where the hot water ripples over the unique formations. With the single exception of Minerva Terrace, which is less splendid than in past years, all of the terraces are performing in great volume. Cleopatra apparently is trying to make up for Minerva's deficiency by starting a new channel where the coloring changes daily.

Jupiter, for many years the finest of all the terraces, has lost its leadership, being surpassed by the prosaically named Pulpit Terrace, which is sending more water than ever from its sapphire pool over a series of beautifully curved basins, fretted and color-

A TEXAS WONDER

Clarence Wolke, Mechanic

ed like some old Gothic carving, until more than 200 feet below a conduit is reached, which takes the warm waters from the springs into the open air bathing pool.

Hyman Terrace is attracting great attention because of the abundance and exquisite shape of the algae, or microscopic plants, which give the terraces their color. Nowhere else in the park are to be found such graceful formations, floating in the water like ostrich plumes of delicate green. Angel Terrace has developed a rich pink coloring, much like a birthday cake, a resemblance enhanced by the trees which the growing terrace reached out and killed, and which now stick out through the crust like white candles.

Occasionally a deer can be seen and photographed nibbling the salty encrustations from the trees.

Orange Spring Terrace, which has grown to a great mound 15 feet high, has a tiny assistant, an "offspring" to quote the pun of a visitor, which bubbles merrily at the original level of the parent spring, affording a comprehensive view of how the terraces have been built.

Mineral springs in the park, including the appallaris and iron spring and the hot soda spring, which are eagerly sought by visitors desiring to drink the waters, are producing in great quantities.

CLIMBED PIKE'S PEAK A HUNDRED YEARS AGO

Dr. Frank James was first to Ascend Colorado's Lofly Peak July 14, 1920—Mountain was Discovered in 1866.

Colorado Springs, Colo., July 15.—One hundred years ago today Dr. Frank James astonished the world by climbing to the top of Pike's Peak, 14,109 feet above the sea. Since that time 2,000,000 persons have made the trip and today Colorado Springs is celebrating the anniversary with ceremonies all along the 18-mile serpentine automobile highway to the summit.

Lieutenant Zebulon M. Pike is credited with the discovery of the mountain in 1806. As hardy a pioneer as was the discoverer, he declared the peak was inaccessible and none dared to doubt it until July 14, 1820, when Doctor James, a member of the Major Long expedition, succeeded in the attempt.

Major Long christened the mountain James Peak but the pioneers and plainsmen persisted in giving it the name of its discoverer and Pike's Peak it has remained.

The history of tourist travel to this most famous spot of the Rockies has been that of the development of highway transportation. First came a bridle path, in 1878; two years later a wagon road was built and in 1891 a cog wheel railroad was constructed.

With the development of the automobile industry came the demand for a motor road and in 1916 the present motor highway, winding around the mountain in devious curves, with precipitous rock walls flush against the road on the one hand and deep ravines on the other, was completed at a cost of \$300,000. It has an average grade of 7 per cent and a maximum of 10-13 per cent. It is 20 feet wide except at the curves which were extended to 50 feet for the greater safety of the motorist.

Pike's Peak is eight miles in an air line from Colorado Springs and the greater part of the mountain is controlled by Colorado Springs to safeguard the city's water supply.

In April, 1919, a government war tank attempted to climb the peak but was blocked by snow drifts. A month later a caterpillar tractor made the ascent.

Walking races, burro races, motorcycle and automobile races have been held on Pike's Peak. The first airplane to cross the peak was flown over the mountain on August 3, 1919, piloted by Alexander Lendrum, of Colorado Springs.

The record for motor over the 12 miles from Crystal Creek to the summit is held by Ralph Mulford who made it in 18 minutes, 26 seconds.

Next September the automobile hill climbing contest, discontinued during the war, will be resumed. An airplane race from Denver around Pike's Peak and return will feature the event.

SUIT FILED

Wesley Bland by his attorney, E. Ettor, has filed a garnishment suit against Leroy Dabbs. It is alleged that the indebtedness is about \$233.

WORLD WAR VETERANS NOW OPERATE FARMS

Men Recovered from Shell Shock, Gas or Wounds, Now Making Good as Food Producers—One Armed Man Specialized in Tractor Work.

Memphis, Tenn., July 27.—To of modest little farms operated by veterans of the world war who have recovered from shell shock, gas or wounds, now dot the states of New Jersey, Connecticut and New York. The owners of these farms, most of them graduates of the New York State School of Agriculture at Farmingdale, L. I., have been "rehabilitated" and are now making good as food producers with the same enthusiasm that took them "over the top" in France.

The transformation of most of these former soldiers who selected farming from among the subjects offered by the Federal Board for Vocational Training in many cases has been a complete metamorphosis of railroad brakemen, plumbers, policemen, mechanics and laborers.

One recent graduate of the school was a bartender before the war and today he owns a thoroughly up-to-date place near Toms River, N. J.

According to A. A. Johnson, director of the school, there were 76 federal men enrolled in June and a number of these have since graduated. Director Johnson was lavish in his praise of what the soldier farmers are accomplishing, declaring that not only were they doing their full share in the economic program of their country but "in a good many cases, considerably more than others less handicapped by wounds." He said they were about equally divided as farm tractor mechanics, general farmers, poultry raisers and hog breeders.

Archie A. Stone, former member of the Minnesota legislature, who is in charge of the work of the government, and has studied the results of the farm vocational training plan, said that it is producing results of a definite and permanent character. The students may have both theory and practice at Farmingdale 365 days in the year.

Michael Leddy, who lost an arm at Chateau-Thierry, is specializing in tractor work and with one hand and a steel hook, drives as straight a furrow, it is said, as any two-handed farm boy.

A year ago Charles Kupinski, another crippled soldier, had never even ridden in a motor car. Recently, according to Director Johnson, he repaired a cracked cylinder in a heavy farm tractor at a saving of nearly \$200 to the school.

Other soldier graduates of Farmingdale who are operating farms are Harry P. Grease at Holbrook, L. I.; Edison S. Smith, New Canaan, Conn.; Elmer E. Sturtz, Wellersburg, Pa.; Austin A. Sullivan, Ronkonkoma, L. I., and a number of others within 50 miles of New York.

LOUISIANA BOYS WILL TOUR MID-WEST STATES

Farm Boys of Louisiana to Visit Illinois, Wisconsin, Iowa and Other States to Obtain Ideas in Modern Agricultural Methods.

New York, July 28.—A number obtain new ideas and instruction in modern agricultural methods and livestock raising 225 farm boys from the state of Louisiana will visit Illinois, Wisconsin, Iowa and other Mid-West states in August traveling at the expense of their respective communities. They will have a splendid train fitted up especially for their comfort and convenience.

The tour will be under supervision of representatives of the Louisiana State Department of Agriculture, the federal Department of Agriculture and the Louisiana State Department of Education. Each boy is allowed a minimum of \$150 as expense money ever and above any he may care to use from his own personal funds, derived chiefly from activities in farm boys' club work.

The itinerary will include visits to Chicago and Champlagn, Ill., Waukesha, Fort Atkinson, Janesville, Madison and Monroe, Wis., Waterloo, Webster City, Ames and Des Moines, Ia., and probably points in Missouri. The tour will start August 3 from Baton Rouge, La.

Various methods were used in selecting the boys to represent the numerous communities. Some came as leaders of club work, others as boys picked for their ability to learn quickly and for their interest in farming. A majority of them will represent the newly developing portions of the state where diversified agriculture is making headway against the one-crop system of growing nothing but cotton.

This portion of the state, known as the "Delta," comprising 9,000 square miles, is a region bordering the Mississippi River created by the river from deposits. It has been protected from overflow by levees, along the river and drained by canals and ditches so that it is making advances as a rich agricultural section.

It is to further its development that the boys are given special instruction in general farming, the state's leading men realizing that a good foundation built by the boys themselves will mean much in future efforts to "uncrown King Cotton" and grow foods as well as cotton.

LITERBERRY NEWS NOTES

Literberry, July 27.—Mrs. W. W. Daniels and daughter were visitors in Jacksonville today.

Mr. and Mrs. John Daniels were called to Jacksonville on business today.

Miss Mabel Dobson shopped in Jacksonville today.

Mrs. Thomas Sorrells and daughter were among the Literberry people who went to Jacksonville yesterday.

Mrs. Martha Liter spent Tuesday in Jacksonville.

The Studebaker Garage

Still have some good used cars at reasonable prices. Most all of these cars have been put in A-1 shape and are real bargains for anyone wanting a good used car.

We also have a good used TRACTOR. The price is right, and anyone considering buying a tractor should not fail to look over this one.

We unloaded a car load of Havoline Oil last Tuesday, part of which we now have in our store room. 5 gallon cans to full barrels. All grades, light, medium, heavy and special tractor oil. Here is your chance to buy your oil at prices you can't beat anywhere.

Stop in. Give us a call.

MARGARETTE J. PENNICK

The supreme test of an artist who attempts dramatic impersonation, particularly the reading of plays, is in the ability to create the illusion of a stage full of people. To make each character separate and distinct, and yet to so animate the scenes that the persons impersonated really seem to move and play their parts in the production.

Judged by this test Margarette Josephine Pennick is one of the very finest of American interpreters. As a noted critic of the platform recently said: "Why, I felt like there were actually twenty-five people on that stage. I seemed to see the actual color of their eyes and hair, their costumes their every act." To create this illusion is to reach real heights in interpretation.

Critics have attempted to define Miss Pennick's hold upon her audiences, but unsuccessfully. They agree that she has a hold—oh, such a hold—and they variously attribute it to her charming personality, her scholarly training, her naive manner, her experience—adn then they decide, rather wisely, that "It's just her way." You'll agree with them, when you hear her at Chautauqua. She has, indeed, a way.

KNIGHTS TEMPLAR WILL MEET IN CONCLAVE

To Attend Grand Commandery Event at Rock Island, September 1 to 3.

Delmar D. Darrah of Bloomington, according to the Pantagraph of that city, is busy with plans for the grand convocation of the grand commandery, Knights Templar of Illinois, which is to be held in Rock Island September 1 to 3. Mr. Darrah who is the grand recorder of Illinois, will depart for Rock Island August 31 and will open the commandery headquarters at the Harper hotel.

The Rock Island committee is sparing neither time nor expense in drawing up a program which will fill each day with pleasure. The delegations will begin arriving August 31 and will be met by escorts from Rock Island commandery, No. 18. The big parade will start at 10 a. m. September 1, following which the sixty-fourth annual convocation will assemble.

That afternoon the guests will be given an automobile trip thru and around the Twin Cities, including an inspection of the arsenal. In the evening a number of receptions will be held.

A complimentary daylight excursion on the Mississippi river has been arranged for the morning of September 2. A steamer with a capacity of 3,000 persons has been engaged for this trip.

Military features of the convocation will be a program of exhibition drills, followed by a review to be participated in by all commanderies in attendance. On Friday evening the Rock Island commandery will be host at a reception and ball staged on the corner J. S., which will be Delmar D. Darrah of Bloomington.

Illinois State Fair, August 20-28 Springfield. Let's go.

Births

Born to Mr. and Mrs. Ted Watkins, 674 South West street, Tuesday afternoon, a seven and one half pound son, Carl Alexander.

MCKINLEY WILL NOT WITHDRAW FROM RACE

A press dispatch sent out from Springfield a few days ago indicated that Congressman McKinley might withdraw from the senatorial race. Now comes the statement from those close to the congressman that he has no intention whatever of withdrawing. He and his friends have been active during many months and the McKinley candidacy has been so well received that many feel quite sanguine about the result.

LYNNVILLE MAN

While driving a hay wagon last week Edward Hill, of Lynnville was thrown from the wagon, he fell on his face and suffered several lacerations and scratches which were not in themselves serious, but lockjaw has developed and he is a patient at Passavant hospital.

THEATRICAL MAN HERE.

Herman W. Fisher an associate editor of the Billboard well known theatrical publication of St. Louis was in the city yesterday. Mr. Fisher came to Jacksonville at this time to visit Miss Shipman and other members of the cast of the Earle Gardiner Company, now showing here.

THE CHAPIN FIRE

In the Chapin fire mentioned yesterday morning Dr. Fountain lost 80 tons of hay and a lot of harness, two horses, vehicles of various kinds and other property. Some hay in the Simpson barn was also burned. Dr. Fountain estimates his loss at \$6,000, only partly covered by insurance.

AUTO TRAVELERS.

F. E. Williams, Miss Bertha Williams and C. B. Halt, all of Newark, Ohio, arrived in the city Monday night enroute for the far west.

VIOLENT TUMBLE IN WHEAT MARKET CAUSED BY FINANCIAL STRAIN

Extreme Loss of 16 Cents a Bushel Record of the Day

CORN AND OATS ALSO SHARED COLLAPSE

CHICAGO, July 27. — Price-breaks doubled in violence in the wheat market today over those of the day before. An extreme loss at one time of 16 cents a bushel was the record today as compared with eight cents yesterday. Financial strain was the chief reason ascribed.

Altho from the outset depression was evident among holders of wheat, hope for a rally kept values within normal until the final hour. No relief was in sight, however, from the necessity for additional funds to meet heavy margin calls and to prevent sacrifice selling. A stampede to unload followed and the close was wild, only two cents up from the undermost figures reached. December delivery finishing \$2.35 to \$2.35 and March \$2.37.

All developments had been bearish especially the crop news from the northwest the piling up of stocks of wheat in the southwest further lowering of bids by export interests and increased tension in regard to coal to prevent possible shutdown of big industrial plants. Corn and oats shared the collapse of wheat, but in contrast with grain the provision market advanced.

Packers with buying orders, lifted quotations of lard, pork and ribs notwithstanding there had been a sharp setback in the hog market and in the whole list of cereals.

Durbin church burgoo. Aug. 4.

WHEAT PRICES IN STRONG DECLINE

A Drop of Fifteen Cents a Bushel Was Noted Tuesday—H. C. Goebel Thinks Further Reduction Likely.

Wheat took a somewhat sensational drop yesterday the price being about fifteen cents a bushel below the Monday offerings. Morgan county elevators have been paying prices ranging from \$2.40 to \$2.50 per bushel but on the basis of yesterday's market will now probably offer \$2.25.

Henry C. Goebel, a well posted grain man said yesterday that it will not surprise him to see still lower prices. If it is Mr. Goebel's belief that the initial price for wheat this year was higher than conditions warrant. He said that the opening prices were higher a year after the war closed than immediately after the war and that such a situation did not seem in accord with production or demand.

Commenting further on the situation Mr. Goebel expressed the view that the market weakness is due to a light demand. Very little wheat buying is being done by the foreign countries and the large buyers in this country are simply taking on grain enough for their present needs. "It usually happens," said Mr. Goebel, "when the surplus opens the millers and other buyers bid up briskly for an immediate supply but are not ready to go into the market and pay high prices for their seasonal needs. Prices are down now because of the light demand and it will not be at all surprising to see prices still somewhat lower. Something can be taken off and still leave the prices as high as those which prevailed at harvest time last year."

Stock of sand brick at Sweeney's Supply Co.

CONDITION IN COAL FIELDS IS REVIEWED

Report of Major Davis Appointed by West Virginia Governor is Made Public—Charge Union Officials caused Armed Invasion.

Charleston, W. Va., July 7.—Conditions in the Guyan Valley coal field of West Virginia and incidents leading up to the march of armed miners toward the region in September 1919, are reviewed in the report of Major T. B. Davis, who was named to make the inquiry by Governor Cornwell. The report was made public today.

The major charged that certain activities of union officials and communications sent out from union headquarters tended to start the armed invasion. The march ended after union officials joined state executives in an appeal to the men to halt.

Coal operators of the valley do not employ armed guards but they are paying the sheriff money which is used to pay certain deputies, the report said. This practice is condemned by the major.

Regarding the charge that miners had been "beaten and slugged" in the Guyan field, the report says that a number of witnesses had testified that they had been arrested and beaten; these incidents do not suffice to sustain this charge or to justify the wholesale indictment of conditions in Logan.

HERE TO ATTEND ANNUAL PICNIC

Rev. and Mrs. C. S. McCollum and daughter of New Holland are in the city the guests of Mr. and Mrs. J. E. Osborn of Grove street. Mr. McCollum was formerly pastor of Murrayville M. E. church, and came here to attend the annual picnic of the Ladies Aid of the church and will also deliver an address.

VIRGINIA WOMAN IN SPRINGFIELD HOSPITAL

Mrs. Noah Thompson Will Submit to Operation—Other Items of Interest from Virginia and Vicinity.

Virginia, July 27.—Mrs. Noah Thompson is a patient at t Springfield hospital where she will undergo an operation.

Mr. and Mrs. George Kikendal and family are spending the week at Matanza Lake.

Mrs. Fred Fisher returned home from an extended visit at the home of her daughter, Mrs. Morton Dorothy in Sauk Center, Minn. Misses Armine and Grace Helig and Nelle Irwin returned home from Normal where they had spent the past season attending a summer school.

The principal streets of this city were oiled the past week.

Mr. and Mrs. Thomas Trimble were week end guests of friends in Girard.

The condition of Joseph Stockton remains in a critical stage. His daughter, Mrs. Clara Baker of Sinclair is spending this week at his bedside.

Mrs. Carl Erickson and Miss Mamie Hageman entertained the primary classes of the Presbyterian Sunday school at the home of the former at a juvenile party recently.

William Borgs who has been seriously ill at the Springfield hospital is improving.

Miss Rachel Heusted of Chicago and Mrs. Bertha Collins of Omaha are guests of their parents, Mr. and Mrs. John Heusted.

Mr. and Mrs. E. L. Clark of Jacksonville spent Monday in this city, called by the illness of Wm. Clark who recently suffered a stroke of paralysis.

Mrs. Lanta Williams left Monday for a visit in Champaign, Ill.

Mrs. Max B. Wells and Mrs. John Wilson have returned to their homes in this city after recovering from operations at Springfield hospitals.

Miss Goldie Newberry will leave today for a visit with relatives in Kansas City.

A company of eight Buick auto drivers were detained in this city Sunday evening at the request of a message from officers in Pleasant Plains. The complaint was for speeding thru that city.

Miss Charlotte Dodson of Chandlerville was a recent guest of friends in this city.

The annual picnic supper for the Philathea Sunday school class of the Presbyterian church will be held at the country home of Mr. and Mrs. Raymond Treadways on Thursday evening.

Mr. Tilford Cline a well known farmer of east Cass passed away at the family home Monday evening July 26 after a lingering illness due to cancer. Deceased was born in North Carolina and came to Illinois in boyhood. He was united in marriage to Miss Mary Edwards who with the following children survive: George, Adair, Frank, Ray, of Cass county; Tilford, of Virginia; Mrs. Alta Fox of Virginia and Miss Lea at home.

Funeral services will be conducted at the residence Wednesday, July 28 at two o'clock. Burial will be in Walnut Ridge cemetery.

Social Events

Golden Rule Club

Meeting at Strawn's Crossing The members of the Golden Rule club motored out to the country home of Jacob Strawn Jr., at Strawn's Crossing last evening where they enjoyed a most pleasant evening.

The club has built an out door dance floor there and it is proving to be a popular place for the members of the club to spend their evenings.

Mrs. C. M. Coons Entertains Strawn's Crossing Club

The Strawn's Crossing Women's Club met at the home of Mrs. C. M. Coons on the state road Tuesday afternoon. A large number of the members and a few guests were present. A paper on Yellowstone Park was given by Mrs. A. D. Arnold. Mrs. Frank Green read a paper prepared by Mrs. Roy Newberry on "Our Summer Outing." The roll call was answered by "Famous National Parks."

Mrs. Coons served an elaborate luncheon. The next meeting will be held August 10th with Mrs. Ed Armstrong.

Opportunity Classes of Grace Church Enjoy Picnic Supper.

The Women's Opportunity class of Grace church was hostess last evening to the Men's Opportunity class of the Grace church, at a picnic supper served in Nichols Park. There were about one hundred and thirty present.

Mrs. J. J. Reeve is the president of the Women's class and Mrs. R. A. Gates is the teacher of the Men's class.

Mrs. Helen Brown Read Entertains Mid Summer Pupils.

Mrs. Helen Brown Read entertained informally at her home on Westminster street last evening. There was a short musical program given by her mid-summer pupils which was greatly enjoyed. During the course of the evening Mrs. Read served light refreshments.

Durbin church burgoo. Aug. 4.

DR. A. L. ADAMS HOME

Dr. A. L. Adams returned home yesterday morning from Eldora, Colo., where he took his family several weeks ago to spend the summer. The family has a cabin about 22 miles from Boulder. Dr. Adams attended the Colorado Congress of Ophthalmology in Denver Friday and Saturday July 23 and 24.

GOVERNMENT HAS NEW POLISH PROBLEM

Wants to Purchase Uniforms and Shoes—Neutrality Question Involved.

Washington, July 27.—The American government was confronted today with a new problem thru receipt of a request from the Polish legation that Poland be permitted to purchase 200,000 army uniforms and shoes from the war department. Because the question of neutrality was involved it was understood the state department hesitated to grant the request presented by Prince Lubermirski, Polish minister.

The United States has not received from Great Britain an invitation to participate in a proposed conference at London for settlement of Polish - Russian armistice terms.

ROLL STEEL CONSUMERS ASK FOR HEARING

CHICAGO, July 27.—Representatives of Roll Steel consumers here today decided to ask the federal trade commission for a rehearing of the Pittsburgh plus freight case decided against them on the grounds of having obtained new and important evidence. The Pittsburgh plus case bought by the Western Association of Roll Steel manufacture against the United States steel copartition involved an additional freight charge on all rolled steel regardless of the point of origin to destination. It costs, the association alleges \$50,000,000 annually to consumers in the west.

REPUBLICANS WILL TRY FOR SENATE SEATS

Chicago, July 27.—Capture of six senate seats now held by Western Democrats will be undertaken by the Republicans this fall Senator Miles Poindexter chairman of the Republican senatorial committee announced at national headquarters here today. The six Democrats on whose places he has designs are Smith of Arizona; Phelan, California; Nugent, Idaho; Henderson, Nevada; Oregon; and Johnson, South Dakota.

Indiana leaders conferring with Chairman Will Hays, assured Mr. Hays that the state is safely Republican this year by 50,000 to 100,000 majority.

ASSISTANT ATTORNEY GENERAL RESIGNS

Washington, July 27.—Judge C. B. Ames, assistant to the attorney general since June, 1919, and in charge of the government's case in the coal strike injunction proceedings has tendered his resignation to President Wilson, effective August 31.

PAY 5c EACH FOR RATS DEAD OR ALIVE

Philadelphia, July 27.—A bounty of 5 cents each for rats, dead or alive, was declared today by the city in connection with a movement by health officials to prevent the entrance of Bubonic plague to this city.

TWO ARE HURT IN AUTOMOBILE CRASH

A car driven by James G. Strawn collided with one driven by Mrs. Evan Cox at the corner near the Moore school eight miles east of Jacksonville Monday evening at 7:30 o'clock.

The force of the collision was great and the cars were damaged to considerable extent and had to be towed to town. Mrs. James G. Strawn had her left eye cut and her left arm and shoulder bruised and Mrs. Shirley Frye suffered a bruise on her left arm.

The Strawn car, in which were Mr. and Mrs. James G. Strawn, Mrs. Shirley Frye, Taylor Frye and Misses Bernice and Dorothy Dodswordth was going north and on turning the corner to the west met Mrs. Cox coming in the opposite directions. Mrs. Cox had her little son with her.

The occupants of the cars could not see on account of the high hedge on the west and south side of the road.

ALEXANDER.

Alexander, July 27.—Ben Wilson and granddaughter, Bessie Elmore, returned yesterday from Kentucky where they have been visiting for the past three weeks.

Miss Floore Wood of Denver, Colo., who has been visiting her mother, Mrs. Betty Wood, of Franklin, and her sister, Mrs. Martha Miller, at Alexander, and also relatives and friends in Springfield and Chicago will return to Denver in a short time.

Mrs. J. T. Little, who has been ill for some time is slightly improved.

Miss Georgia Miller, who has been sick for three months is able to be up now.

WANTED LABORERS

Man Power and Gasoline Prices

SO LONG as the acute shortage of man-power in the United States continues, the demand for gasoline power will continue to increase.

Every increase in the demand for gasoline power will affect the price of gasoline, because, though petroleum production is continually increasing, it is not keeping pace with the demand for gasoline.

The latest figures available illustrating this point are for March, 1920.

Petroleum Production:	Petroleum Consumption:
Daily Average	Daily Average
1,177,129 bbls.	1,417,129 bbls.
Total for Month	Total for Month
36,491,000 bbls.	43,930,999 bbls.

If production continues for the rest of the year at the rate established in the first quarter, the total production of petroleum for 1920 will be in excess of 410,000,000 barrels.

If consumption continues for the rest of the year at the rate established in the first quarter, the total consumption of petroleum for the year 1920 will be in excess of 495,000,000 barrels.

Or, for the year 1920, consumption may be expected to exceed domestic production of petroleum by 85,000,000 barrels.

Because of its high-powered organization, trained through years of experience to the interpretation of conditions, the Standard Oil Company (Indiana) is anticipating increased need for gasoline and is bending every effort to supply the people of the Middle West with the gasoline they need.

It means much to the Middle West to be able to use freely that most important of all labor-saving devices—the automotive machine.

The Standard Oil Company (Indiana) believes that its greatest service lies in providing at all times, everywhere, and at the lowest possible prices, the gasoline needed to operate these engines of production.

HOUSE MEMBERSHIP MAY BE INCREASED

Ten States to Lose Representatives Unless Membership of House is Increased to Meet Increased Population Shown by 1920 Census.

Washington—Unless the membership of the house is increased from 435 to at least 500 to meet the increased population shown by the 1920 census, 10 states will lose one or more representatives, according to Representative Siegel, of New York, chairman of the census committee which will frame the new Apportionment Bill. Those states are:

Indiana, Iowa, and Missouri, which will lose two congressmen each; and Illinois, Kentucky, Maine, Maryland, Nebraska, Vermont and Virginia, which will lose one congressman each.

Mr. Siegel explains that the house membership is retained at its present figure, it will be necessary to increase the population basis in each congressional district beyond the 211,000 or major portion thereof now fixed. If this is done, he says, the 10 states named will lose one or more of the present districts because their populations have not increased in proportion to those of other states.

On the basis of the estimated population of 106,000,000 for the whole country in 1920, an increase of approximately 14,000,000 in 10 years, Mr. Siegel says 65 or 66 new seats in the house must be created if the 10 states are to retain their present numerical representation. While precedent warrants the increase, Mr. Siegel declares there is strong opposition to it on the part of some of the present representatives, while others favor reduction to as few as 300 members.

Mr. Siegel expects the work of framing the new apportionment bill in accord with the new population to begin with the convening of congress in December and he anticipates that the measure will be passed early in 1921.

G. Sieber & Son.
Tire & Battery Co.

210 S. Main. Phone 259

Every decade since 1790, with the single exception of 1840, the house membership has been enlarged to keep pace with the growing population. Now the house floor is crowded when all members are present; seats nearly fill the chamber; the old individual desks have been discarded and an increase in membership probably will have to be solved by narrowing the width of the seats.

Ten years ago the House membership was increased from 391 to 435 on the basis of a population of 91,972,266 and the only exception to such a procedure occurred in 1840 when congressmen were elected by the apportionment, the membership being fixed at 232 after having been 242 for 10 years.

The past apportionment kept intact the numerical strength of all state delegations besides providing for certain increases, but even then several congressional districts fell short of the maximum basis of 211,000 population.

New Fall Suits and Coats on sale specially priced now at HERMAN'S.

CONCORD.

The annual picnic of the Christian Sunday school will be held on Thursday, Aug. 12. All three of Concord's Sunday schools are expected to attend and make it a day of pleasure for the little ones.

Howard Henderson of 460 South East street came down to Chapin on the early train Sunday morning and rode to Concord with Brother C. A. Middleton and attended church service, then spent the rest of the day with home folks returning on the evening train.

The date of the Chapin horse show has been changed to Saturday, Sept. 4, so as to not conflict with the show at Waverly. Mr. and Mrs. Earl Brewer of Little Rock, Ark., took supper recently with their cousins, Mr. and Mrs. Earl White.

Mr. and Mrs. C. E. Drake and family of the vicinity of Chapin were visiting in the city Tuesday afternoon. They were accompanied by Mr. and Mrs. Earl Brewer of Little Rock, Ark.

Rev. C. G. Cantrell, of Chapin, drove up to the city, accompanied by S. M. Henderson.

Mr. and Mrs. B. L. Tucker of Greenfield motored to the city Tuesday afternoon.

Duvetyn tams and hats just received at HERMAN'S.

THE CHICAGO CHILDREN

As stated in the Journal the Chicago children are to arrive here Friday at 5:30 p. m. and Monday at 5:30 p. m., both times by the Wabash and all persons who have agreed to entertain one or two will please be ready; those from outside the city will please call for the children while those in the city may do as they like as automobiles will be furnished for the delivery if desired.

Please note: There cannot be any changes in arrangements. The ones mentioned for Friday will have to be taken Friday as there will be no other provision for them. Those to be taken Monday will arrive per schedule and all persons agreeing to receive them please be on hand if in the country and ready at home if in town.

A MERRY PARTY

FROM SCOTT COUNTY Yesterday afternoon Mrs. Geo. Longnecker brought up to the city from Winchester and vicinity in her Oldsmobile car Mrs. Luther Coultas, Mrs. W. Truesdale, Mrs. David Burrus and Mrs. Fritz Haskell, formerly Miss Anna Engle. Mrs. Haskell reports residence in Scott county very agreeable and all her companions were glad to have her among them.

Just received another shipment of silk tricolette blouses all sizes and colors, only \$3.95 at HERMAN'S.

DEMAND AMENDMENT OF WATERPOWER ACT

Waterpower Act Declared to Be Without Amendment the Death Warrant of National Parks System.

Washington—Amendment of the new waterpower act so as to exclude the national parks from its provisions will be demanded of congress at its next session, it is announced by Robert Sterling Yard, executive secretary of the National Parks association. Mr. Yard also says that a fight will be made to have congress reject pending legislation, which he asserts, opens the way for irrigation projects to draw on the parks for water.

Without amendment, Mr. Yard says the waterpower act is "the death warrant of our national parks system," because all government owned land and reservations are embraced within its terms, making it possible for private interests to erect dams, power-houses, transmission lines and other structures by obtaining leases from the federal waterpower commission.

It was not until the waterpower bill reached President Wilson for approval that discovery was made by conservationists that national parks would be affected, and now the fight, Mr. Yard says, will be made for its amendment.

Besides the effort to change the waterpower act, Mr. Yard says an effort will be made to prevent favorable action on pending legislation, granting permission to private interests to build an irrigation reservoir in an obscure swamp in the southwestern corner of the Yellowstone National park, miles from any road. This measure, he asserts, would be the opening wedge for a number of irrigation plans for other national parks.

Mr. Yard anticipates that other legislation, including a proposal for damming Yellowstone Lake, will be brought before congress, all of which he contends would tend to destroy the beauty of America's playgrounds.

"The conservation associations and many institutions throughout the country," Mr. Yard says, "are even organizing now for the defense of the parks. Our new national parks system has fairly caught the imagination of this idealistic and very practical people, who see in it not only a system of exhibits of the native

American wilderness, untouched, for all time, but the beginning of a colossal national economic asset which shall enormously spur domestic travel and business, and bring increasing thousands of foreign visitors here every summer to see them. Any legislation which will detract from the value of the name national park as a national trade-mark in the competition for the world's travel is likely to arouse a mighty storm of popular protest."

NOTICE TO PUBLIC

Save Money—Put Goodyear Tires on Your Small Car

Avoid disappointment with tires made to be sold at sensationally cheap prices by using Goodyear Tires built to deliver maximum mileage at minimum cost.

The high relative value built into Goodyear Tires of the 30 x 3, 30 x 3 1/2, and 31 x 4-inch sizes, results from the application of Goodyear experience and care to their manufacture in the world's largest tire factory devoted to these sizes.

Such facts explain why more cars, using these sizes, were factory-equipped last year with Goodyear Tires than with any other kind.

If you drive a Ford, Chevrolet, Maxwell or Dorr, take advantage of the opportunity to enjoy true Goodyear mileage and economy; equip your car with Goodyear Tires and Heavy Tourist Tubes at our nearest Service Station.

30 x 3 1/2 Goodyear \$23.50
Double-Cure Fabric, All-Weather Tread,

30 x 3 1/2 Goodyear \$21.50
Single-Cure Fabric, Anti-Skid Tread....

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30x3 1/2 size \$4.50 in waterproof bag.....

Tourists

Your baggage of all kinds should be carefully insured, during these times of uncertain transportation. We will carry it in one of the best companies on earth and the pleasure of your trip will not be spoiled.

Kopperl Insurance Agency

The Agency of Service East State and Square

Good health is absolutely necessary to success in life. With it the possibilities and opportunities are limitless.

The reason why more men and women do not make greater success and progress is because they waste so much of their nerve energy. This waste drains the system of the smashing, success-driving power and leaves it weak, listless, tired, out-of-sorts, ambitious and subject to many ills. The condition is caused more often by energy dissipated by faulty nerve action than by work.

Success Through Conserving Nerve Force

Every man and woman can conserve their full mental and physical powers through Chiropactic. By scientific adjustment of the spinal column, the Chiropactor removes the cause of faulty nerve action and brings about a normal distribution of energy. Nature then revitalizes and regenerates the weakened and diseased system and restores the vital energy that almost invariably results in greater material benefit.

CHIROPRACTIC

is drugless. As a means of helping Nature to restore Health and vigor it is without equal, and the results it has accomplished have been little short of miraculous. If you are sick, Chiropactic (KI-RO-PRAK-TIC) will help you to health. If you are well it will help you feel better. Just investigate.

CALL AND SEE THEM

FARMING CONDITIONS FAVORABLE IN GREENE

Weather Helps Greatly in Farm Work and Wheat Crop Will Soon Be Threshed—Old Resident Critically Ill.

White Hall, Ill., July 26.—The weather for the week ending today has been favorable for farm work, but vegetation has received a setback for want of rain at least locally, there having been a few reports of showers of a measurable quantity during the week, but at White Hall there has been no more than traces of rain, which occurred on four dates. Tomatoes are not ripening, the blackberry harvest has been suddenly terminated, and the cabbage crop has failed to develop adequate size, but is of good quality. The first piece of corn tassel out here is said to indicate damage, this piece being in the silking stage. Pastures and meadows have received a setback because of the need of rain.

It is estimated that the bulk of the wheat crop will be threshed this week. Very little of it is being stacked, and the car situation so far has enabled the crop to be handled at the local market with only a fraction of the anticipated delay. This is explained by the fact that at the beginning of the wheat receipts a number of cars were on hand for sewer pipe loading that could not be used because of the continued strike, and these cars were devoted to wheat loading. For the past week, however, the shortage of grain cars here has been acute, as is the situation generally. The wheat receipts so far approximate 50,000 bushels, the yield running from 15 to 25 bushels of extra good quality, grading as high as 62 and 63 pounds. One instance of a good yield is directly credited by the grower, Nathan Tanner, to the county farm adviser, E. M. Phillips, under whose direction Mr. Tanner sowed eighteen acres belonging to Carl Lowenstein at the northwest limits of the city, and it yielded 36 bushels to the acre, testing 62, soft wheat. Mr. Tanner makes the personal request that full credit be accorded to the Greene county adviser with the admonition that other farmers follow more closely the advice of Mr. Phillips.

The second crop of alfalfa is now being cut. The timothy crop of hay is well toward completion.

Both are excellent. Oats are yielding a good quality, but the acreage is short.

Apple Crop Being Picked

The summer apple harvest is in progress, the Duchess now being picked. There are indications of the biggest apple crop on record not only in Greene county, but in Pike county as well. The fall harvest will be in progress after September 1st, and A. L. McClay is calling for 600 men to handle his crop on his 1400 acres of apples. The Jonathans are short, this variety bearing heavily last season. The flavor and color of the product gives Greene county and the adjoining counties of Pike and Calhoun pre-eminence in the matter of apple culture. This is evidenced by awards at the national apple show in Chicago last fall, where first prize was given to Pike county, and second prize came to A. L. McClay. The main difference between this and other sections of the country lies in advantages of exploitation and advertisement not possessed by Greene county because Greene county does not appreciate the advantages of publicity not only in the matter of agriculture and horticulture, but in all lines of industry, of which agriculture is the leader, and yet the horticultural interests bring more money into northern Greene county than any other interest.

The favorite apple is the Grimes Golden. John Thomas will have 1,500 barrels of these and Al Steel will have 2,000 barrels or more. Mr. Thomas has eleven acres devoted to peaches. The early variety are very short, but the Alberts is doing fine. He will have probably 300 or 400 bushels of late peaches that will be harvested after September 1st, and it is understood that Mr. Thomas will offer these to the local trade. Henry Brown is developing a forty-acre apple orchard that is being devoted to peaches during the development period of the apple trees, the latter being set out between the peach trees. In this way it will be able to gamble on the uncertainty of the peach crop in a way that will add greatly to the knowledge of local peach culture without undue risk. It is stated that all over the apple district northwest of White Hall a peach tree invariably is planted where an apple tree fails to show proper development.

There is not half the stock being fed over Greene county that was on feed at this time last year, according to the observation of R.

H. Postlewait of this city, who keeps in close touch with the situation because of his business connection with a hog conditioner manufacturer. Mr. Postlewait declares that the chinch bug menace has played havoc with his business this year. The shortage of feeding animals applies to both hogs and cattle.

There is a well grounded sentiment here in behalf of the movement for co-operative marketing, local agriculture being represented at the meeting in Chicago last week.

Aged Man Critically Ill. The venerable William Teter lies at the point of death at the home of his daughter, Mrs. Albert B. Smith, following a paralytic stroke last week. His condition had been enfeebled by previous strokes. Mr. Teter is a veteran of the Civil war.

The remains of James Bateman were brought from St. Louis Sunday for burial Wednesday. Mr. Bateman's age was 57 years, and he has long been a resident of the Oakland neighborhood, east of White Hall, a man of family. He was well known and highly respected. He went to St. Louis a short time ago for treatment at a hospital for Bright's disease. His death occurred at 1 o'clock Sunday morning.

C. S. Hackney was in town Sunday for the first time in over forty years. He is a son of the late Shannon Hackney, and left White Hall in 1878. He is now located in Kansas City, and is a delegate to the A. F. of L. convention in St. Louis from the meat cutters, he being connected with Morris & Co. for the past several years. He expects to be here again next Sunday.

Mrs. Nita Maddern and son James came up from St. Louis Sunday to spend a week among relatives and look after the erection of a monument over the grave of her husband, W. R. Maddern, who was buried here last spring. Mr. Maddern was a renowned violinist, and he possessed an old and valued instrument that remains in the possession of Mrs. Maddern. Her maiden name was Nita Higbee.

Mrs. Martha James is again a resident of White Hall, after a residence of two years with her son, Rev. Ed James, at Le Mars, Iowa. Mrs. James is eighty years of age and an old-time resident of White Hall. She is making her home with her daughter, Mrs. Mary Thurman.

THE PROFITS

OF FARMERS

Referring to the article in the Journal yesterday regarding the profits of farmers, a veteran agriculturist offered some remarks.

In the first place a man without capital and especially a renter, is seriously handicapped. He must sell on the market, cannot take advantage of cheap bargains and in many ways is held down. Then, too, our friend remarked that as a rule farmers were not progressive and failed to study. In early days land was cheap and seemingly inexhaustible and it engendered a careless way of farming which has not yet been overcome.

Then the landlords are so greedy that they hold a tenant right down, making him pay such a rent that he has to raise crops that will bring cash in order to get along. A striking instance of the opposite course is the manager of the Dr. Black estate north of the city. It had been rented so long that it was one of the worst run down places in that vicinity. By the application of modern methods it has come to be one of the most productive in that neighborhood.

Then, too, farmers stand so in their own light. It may well be said that men who properly house their vehicles and implements are much the exception. How can a man get along who leaves his machinery out in the weather? What sensible landlord would fail to provide suitable sheds for that purpose?

Again, in farming as in all other callings, the difference between the natural ability of men is wonderful. Take two extreme instances.

The late Jacob Strawn and Judge Samuel Wood. Mr. Strawn began life with one calf and Mr. Wood had 25 cents and a pocket knife the day he was married. Both men died rich and they were honest in their present time. The examples at the farm northeast of Fred Stevens (farm northeast of the city) was rented by a man who couldn't pay a small rental without great hardship. A. M. Hoover rented the place at a higher rate and is getting ahead every year. This is mentioned without Mr. Hoover's permission but the Journal hopes he will not be offended.

As the Journal's friend remarked: Farming is an intricate business and well repays study, good stock and careful management. How seldom does one find the best stock man might have on his place and yet it pays best.

FOR SALE

My residence, 1524 South Main St., South Jacksonville. Ideal location. Mrs. Herman Weber.

DURBIN

Mrs. E. D. Scott entertained the primary department of the Sunday school Wednesday afternoon and gave the youngsters a happy time.

Miss Gertrude Oxley is visiting her aunt, Mrs. Dawson of Scottsville.

Mrs. Nellie Oxley, Mrs. Alpha Smith, Floyd Byron and Ruby Smith spent Sunday near Mur-rayville.

Mr. and Mrs. Samuel Darley have returned from a brief visit in Nebraska.

The music pupils of Miss Mildred Smith will give a recital on Thursday afternoon at the Charles Lashmet home.

Durbin will hold its annual burgoo and barbecue picnic in Ransdell's Grove near the church Wednesday, Aug. 4th. The Woodson band will play and there will be games and a good program of varied interests.

Durbin church burgoo. Aug. 4.

LIVELY COMPETITION

A gentleman from the vicinity of Chapin was in the city yesterday and said the elevators in Chapin had been bidding against each other and he knew of sales of wheat at \$2.63 and \$2.65. He didn't know that such prices would be paid right along but he had sold some at \$2.65 anyway. Prices generally have been ranging from \$2.49 to \$2.50.

A FLAVO FLOUR Baking

HOT ROLLS, BREAD AND CAKE. How delicious they are when baked with FLAVO! She is pleased with her efforts as you will be because FLAVO is a dependable flour scientifically milled for bakings and raising qualities.

THAT MEANS A LOT. It is not easy to bake with just ANY flour. The delicate starch and gluten cells must be preserved—not pulverized—a most important feature. They help the bread to raise and keep it moist.

THE MARVEL PROCESS looks after that. It's the new patented way of flour making which does not "kill" the flour in the milling nor destroy the delightful nature flavor of the wheat berry.

BIDS WILL BE RECEIVED

Notice is hereby given that
sealed bids for laying a drain tile
beginning on the north side of Lo-
cust street in Concord, Morgan
county, State of Illinois, near the
center of depression opposite lots
fourteen (14) and sixteen (16)
in the original plat of Concord, in
said county, thence wending with
said depression south along said
lots fourteen (14) and sixteen
(16) also thirteen (13) and fif-
teen (15) across Main street,
across blocks six (6) and seven
(7) westwardly along and across
Pleasant street and lots six (6),
four (4), three (3) and two (2)
in the west side of State street
in said village of Concord.
Also connecting with said tile
a tile eight inches in diameter
from a point on the north side of
Morgan street where the first
named tile crosses the north line
of said Morgan street east on
Morgan street to East street,
thence north on East street to al-
ley between lots nine (9) and
twenty-two (22) in Robert Dig-
gens sub-division, thence east
along said alley to the east line
of said sub-division, will be re-
ceived by the president and trust-
ees of the Village of Concord.
Said bids must be directed to and
deposited with Austin W. Smith,
Village Clerk on or before Mon-
day, the second day of August,
A. D. 1920 at 12 o'clock noon.
Each bid must be accompanied by
a certified check for twenty-five
per cent of the amount of bid,
payable to the order of the presi-
dent and trustees of the village
of Concord, Morgan county, State
of Illinois, as a guarantee that
the bidder if awarded the con-
tract will enter into a contract
to furnish the material and do
the work in good workmanlike
manner and fill the ditch, putting
all the dirt back. A blue print
showing the depth of excavation
can be consulted at the office of
the village clerk.
The village board reserves the
right to reject any and all bids.
A. W. Smith,
Village Clerk of Concord, Ill.

MORGAN.

Harmon Rahe is sporting a brand new Reo car.

Bethel won the ball game played at Bethel Sunday with Mercedes.

Alfred Anderson and family were shopping in Jacksonville Thursday.

John Anderson who was severely injured several days ago, while threshing for Ira Bonds, was removed to his home Sunday, in John Eiler's Dodge truck. He is improving slowly.

Harmon Rahe and family and Rhine Steinburg drove over to Aremville, Sunday in Mr. Rahe's new Reo.

Last Tuesday as Gladys Hamilton was leading a horse thru a gate in some manner her finger was so badly mashed that she was taken to Dr. Roberts and had it amputated at the second joint. Charles Drake shipped a car load of hay last week.

Mr. and Mrs. Lyle Keep returned to their home in California Wednesday after spending several weeks with Geo. Coulson and other relatives. Mrs. Geo. Coulson accompanied them home and will spend the summer.

Miss Maude Wheeler, of Chambersburg, is visiting at the home of Lee Robbins.

George Lukeman was in this vicinity Wednesday evening in a new Velle demonstrating.

Walter Williams returned home from Normal Sunday where he has been attending school.

Mr. and Mrs. Mitchell of Missouri was visiting H. O. and Dan Smith last week. They were driving thru in a new Essex car which they purchased at Detroit, Mich.

URGES PEOPLE TO FIGHT CATARRH
WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Leading
Druggist of Covington, Ky., Who Has Made
Special Study of Catarrh.

Says: Inflamed Nostrils
Invite Influenza

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of Influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arcine mixed with enough boiled water to make a full pint, half of the catarrh in this country would be abolished. It's really no joke for people

who don't know about this simple recipe to be constantly sniffing and snuffling, blowing and hawking, when all these obnoxious symptoms as well as the foul discharge can be made to disappear in a few days.

Ask for three-quarters of an ounce of Mentholized Arcine—that's all you need and after you have mixed it with enough boiled water to make a pint, gargle the throat twice daily and snuff or spray some up the nostrils, as directed.

The tender nostrils will soon lose their soreness, heal up, and be clean and healthy.

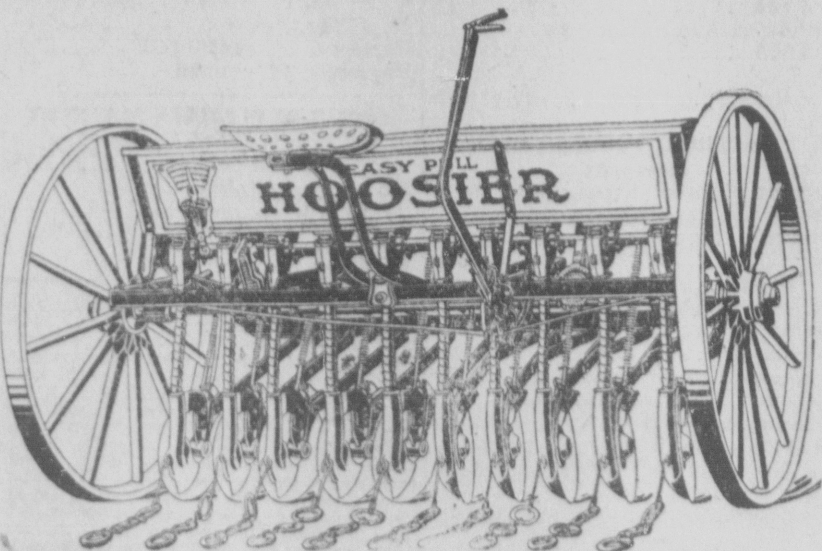

Important Reminder: Just as soon as anyone in the family gets a cold in the head, check it at once with this same medicine.

PHILADELPHIA EASY
FOR PITTSBURG

Philadelphia, July 27.—Philadelphia was helpless before Hamilton today, losing 7 to 1. Pittsburgh hit Meadows hard.

Score:
Pitts. . . . 200 021 200—7 8 1
Phila. . . . 000 000 000—1 4 2

Hamilton and Haefliger; Meadows, Gallia and Trageser.

NEW YORK KRAFTED
ST. LOUIS PITCHERS HARD

New York, July 27.—The New York Giants celebrated their return to Polo grounds today by de-

feating St. Louis 8 to 1. Barnes held the visitors to three hits while New York batted four St. Louis pitchers for 17 hits.

Score:
St. L. . . . 000 000 010—1 3 6
New Y. . . . 300 131 008—8 17 3

Haines, North, Glenn and Clemmons, Dilhoefer; Barnes and E. Smith, Gonales.

FAVORITES DID
NOT FARE WELL

COLUMBUS, O., July 27.—Favorites did not fare well today on the second afternoon card of the Grand Circuit meeting. There also was no connected with the "upsets" in the S. and S. 2:11 trot, \$5,000, the feature event.

Royal Palm, heavy favorite in the auctions once selling for \$400 in a ticket totalling \$1135 made a break at the half mile post in the first heat and was distanced. Millie Irwin won the heat. She with Alta Donovan equal favorites at the start of the second but Alta won.

Just as she slaced her passing the wire she cut her tendons in the left front leg and had to be drawn. Milly Irwin then won the third heat and the race.

Alta Donovan will not race again this year.

SINGLAIR.

Mrs. E. Gaither departed for her home in Blotchor, Ind., Monday accompanied by her son J. H. Gaither and wife where they are going to spend their vacation among friends and relatives.

The Virginia ball team came over Sunday to play the Singlair team and was defeated 18 to 7. Next Sunday they expect to cross bats with Chapin at Singlair at 2:30 p. m.

Mrs. Thomas Hopper after visiting several months with her daughter, Mrs. Dr. Carter departed for her home Saturday in Harrisonville, Mo., accompanied by her son, M. H. Hopper of Singlair.

John Swain expected to return Sunday night after spending his vacation with his parents, Mr. and Mrs. J. C. Swain.

Wheat threshing is in full blast at present and all machines have been able to keep going so far in spite of the shortage of grain cars. There is one set in occasionally to keep up the spirits of the farmer and the elevator man.

Hy Hall has taken a position with M. L. Hopper in the shop here to help take care of the wants and needs of the farmers in this community.

GOOCH'S MACARONI
BEST

Made of Specially Milled Durum Wheat

Try this new recipe for dinner today

Prepare 1 cup of Gooch's Best Macaroni and have ready a 1-pound can of salmon. Melt 2 tablespoons of butter with a tablespoon of oil from salmon, stir in and boil 3 minutes. In a buttered dish place the macaroni and salmon in layers. Make a sauce of 2 cups of milk, 3 tablespoons of flour, salt and red pepper to taste. Pour on part of the sauce and sprinkle top with buttered bread crumbs. Bake until browned.
